**LICK
BI LICK**

When you're climbing the corporate ladder trying to smash through the glass ceiling, a woman's work-life comes first. Even if that means the firm's lone pair of female execs have to come in on Saturday to catch up on some team-building exercises. Honeyhaired bisexual blonde, **Lux Cassidy**, meets coworker and fellow sapphic slut, **Celeste Star**, to grind out some hardcore overtime on the lobby couch. The wet-pantied pair get right down to business. Lux slides Celeste's mini-dress down her long, shapely, tanned legs, following the curvy taper to her perfect feminine feet. She leaves a warm, wet tongue trail of sugary kisses, up and down Celeste's sensitive inner thighs and plants a lingering smooch on top of her silky foot. Celeste shudders. The long fuse has been lit—Celeste's pussy begins sliding down the pleasure-path to wild orgasmic delight at the tip of Lux's talented tongue. It's never easy walking the corporate world in high heels, but if these two ladies keep putting in those extra donut-bumping hours, their paths will lead to the corner office, which means, you guessed it, a *pull-out* couch!

SEXY SALMA HAYEK STRIPS IN THE JUST-RELEASED ARTHOUSE SMASH

AMERICANO

BY RAMSEY STEELE

In 2011, the ever-sultry Salma Hayek was asked by a leading women's magazine whether any part of her body looked better ten years ago.

"My boobs," she responded, with a laugh. "They're not bad, by the way. I'm not complaining about them."

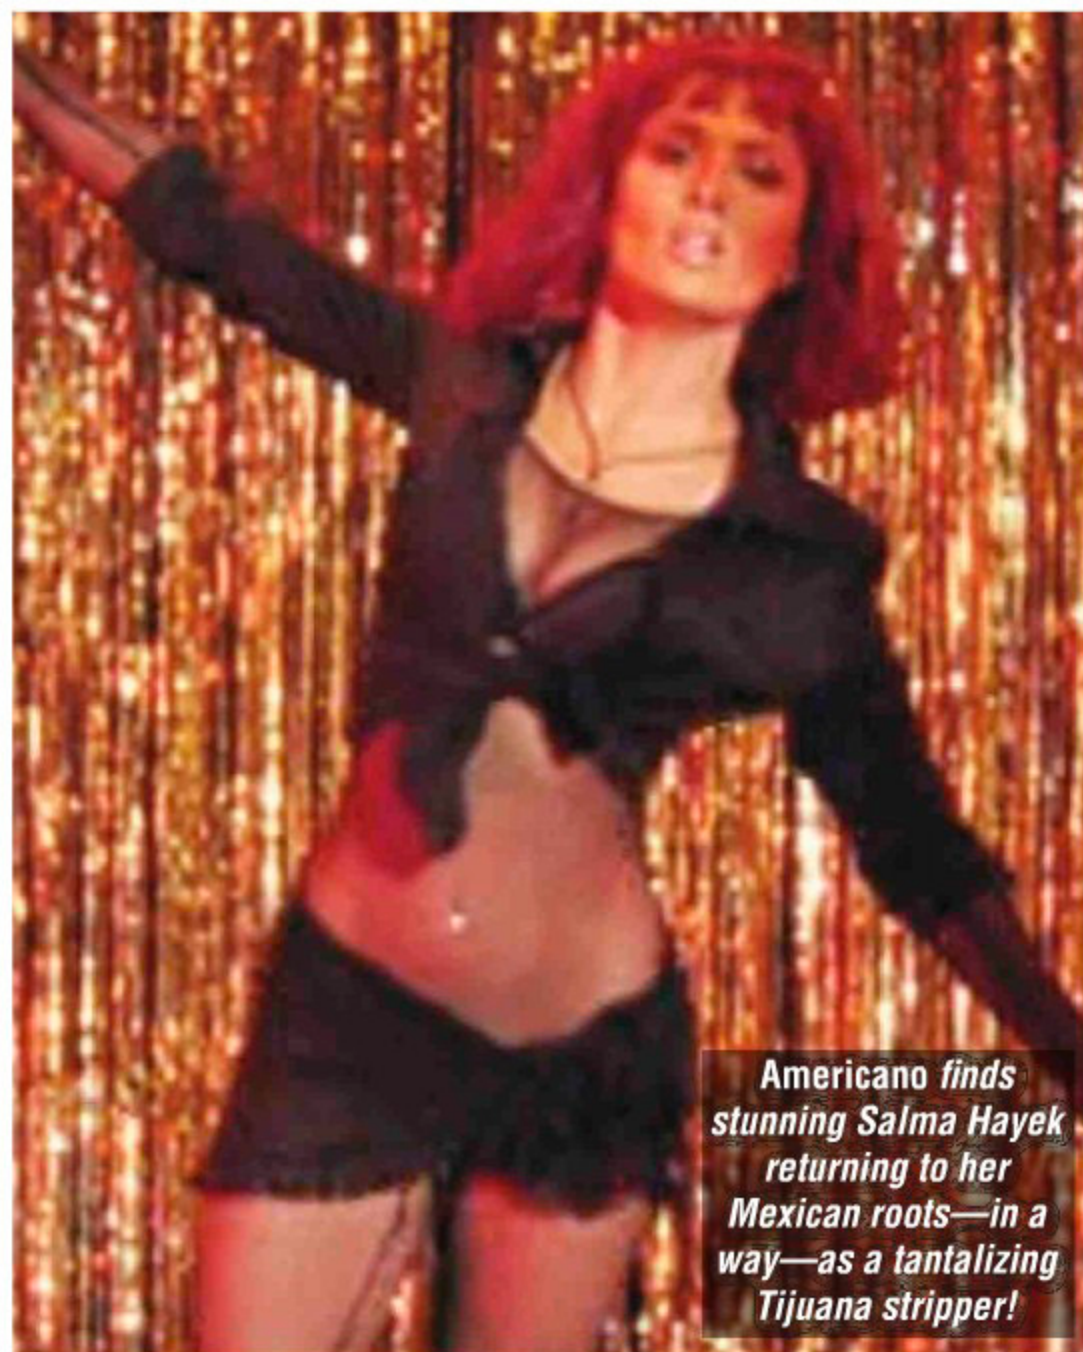

Hmmmm...

Well, just as HIGH SOCIETY is the leading men's magazine, we feel obligated to throw in our two cents by joyously declaring that Salma Hayek's boobs remain two of the finest that Hollywood has to offer!

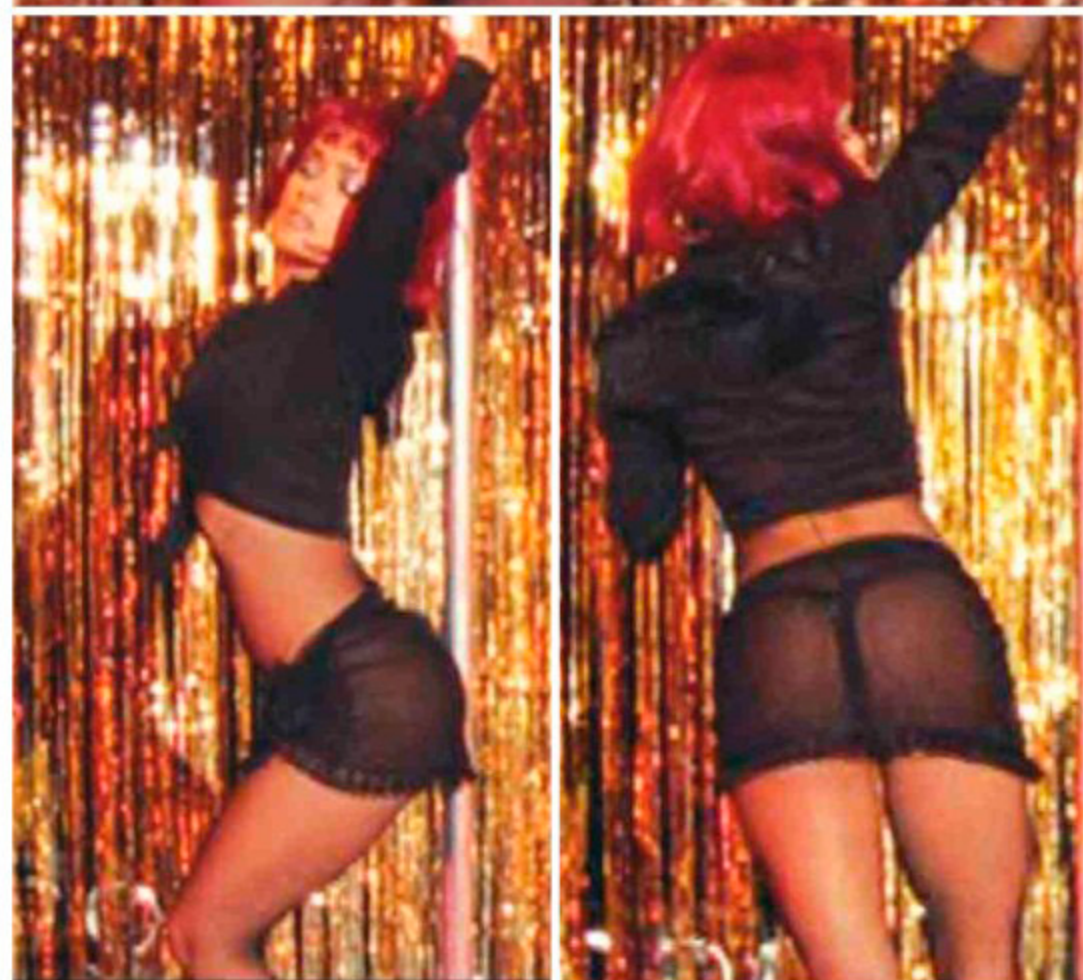

So fine, in fact, that the 46-year-old Ms. Hayek chose to unleash them yet again on the Silver Screen in one of her latest projects, the just-released French independent arthouse drama *Americano*.

Written and directed by auteur Mathieu Demy, *Americano* focuses on a young French dude named Martin (portrayed by Demy himself), who leaves Paris and heads to his childhood home in Los Angeles to tie up the loose ends of his recently deceased mother's estate. While in LA., he discovers his mother had a hidden relationship with a beautiful woman named Lola, portrayed by Our Ms. Hayek. Martin tracks down Lola to a seedy club in Tijuana called "The Americano," where he discovers that Lola is actually a stripper who has indeed had a steamy lesbianic affair with his mom. You can only imagine what the addled Frenchman was thinking as his mommy's one-time lover hit the stage for an erotic, exotic and extended striptease!

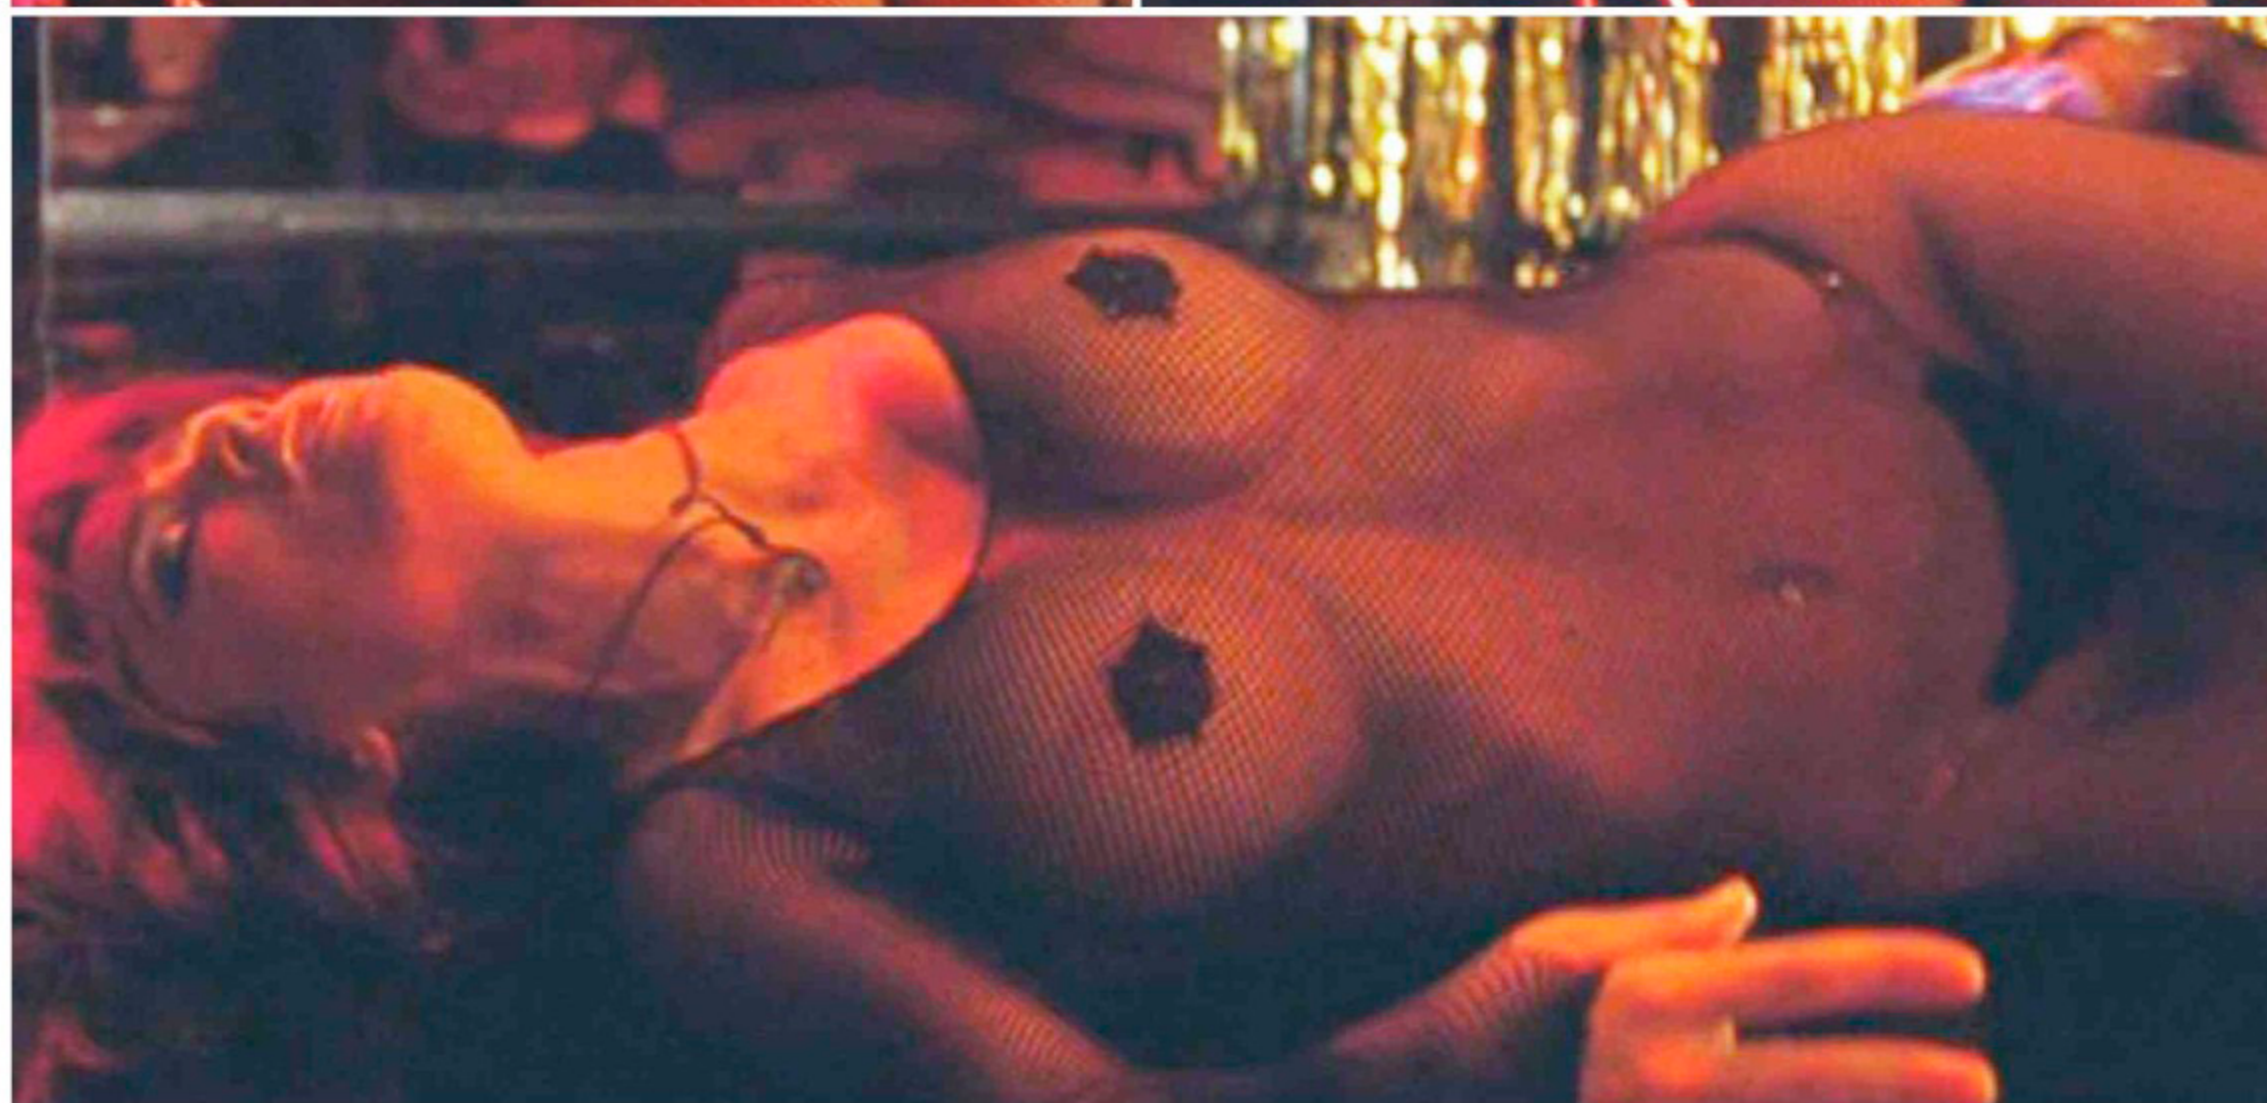

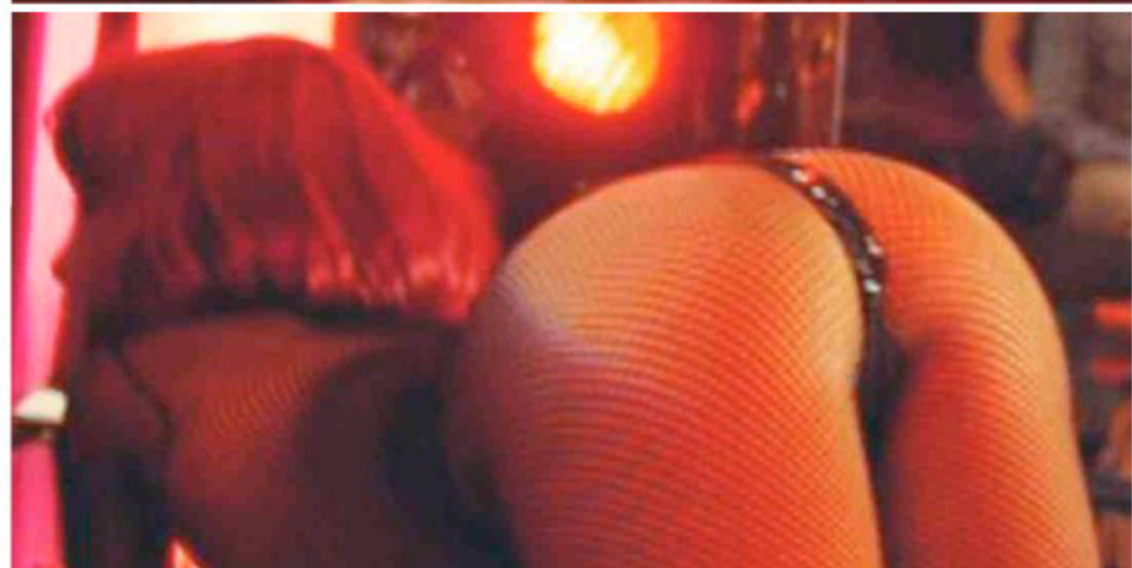

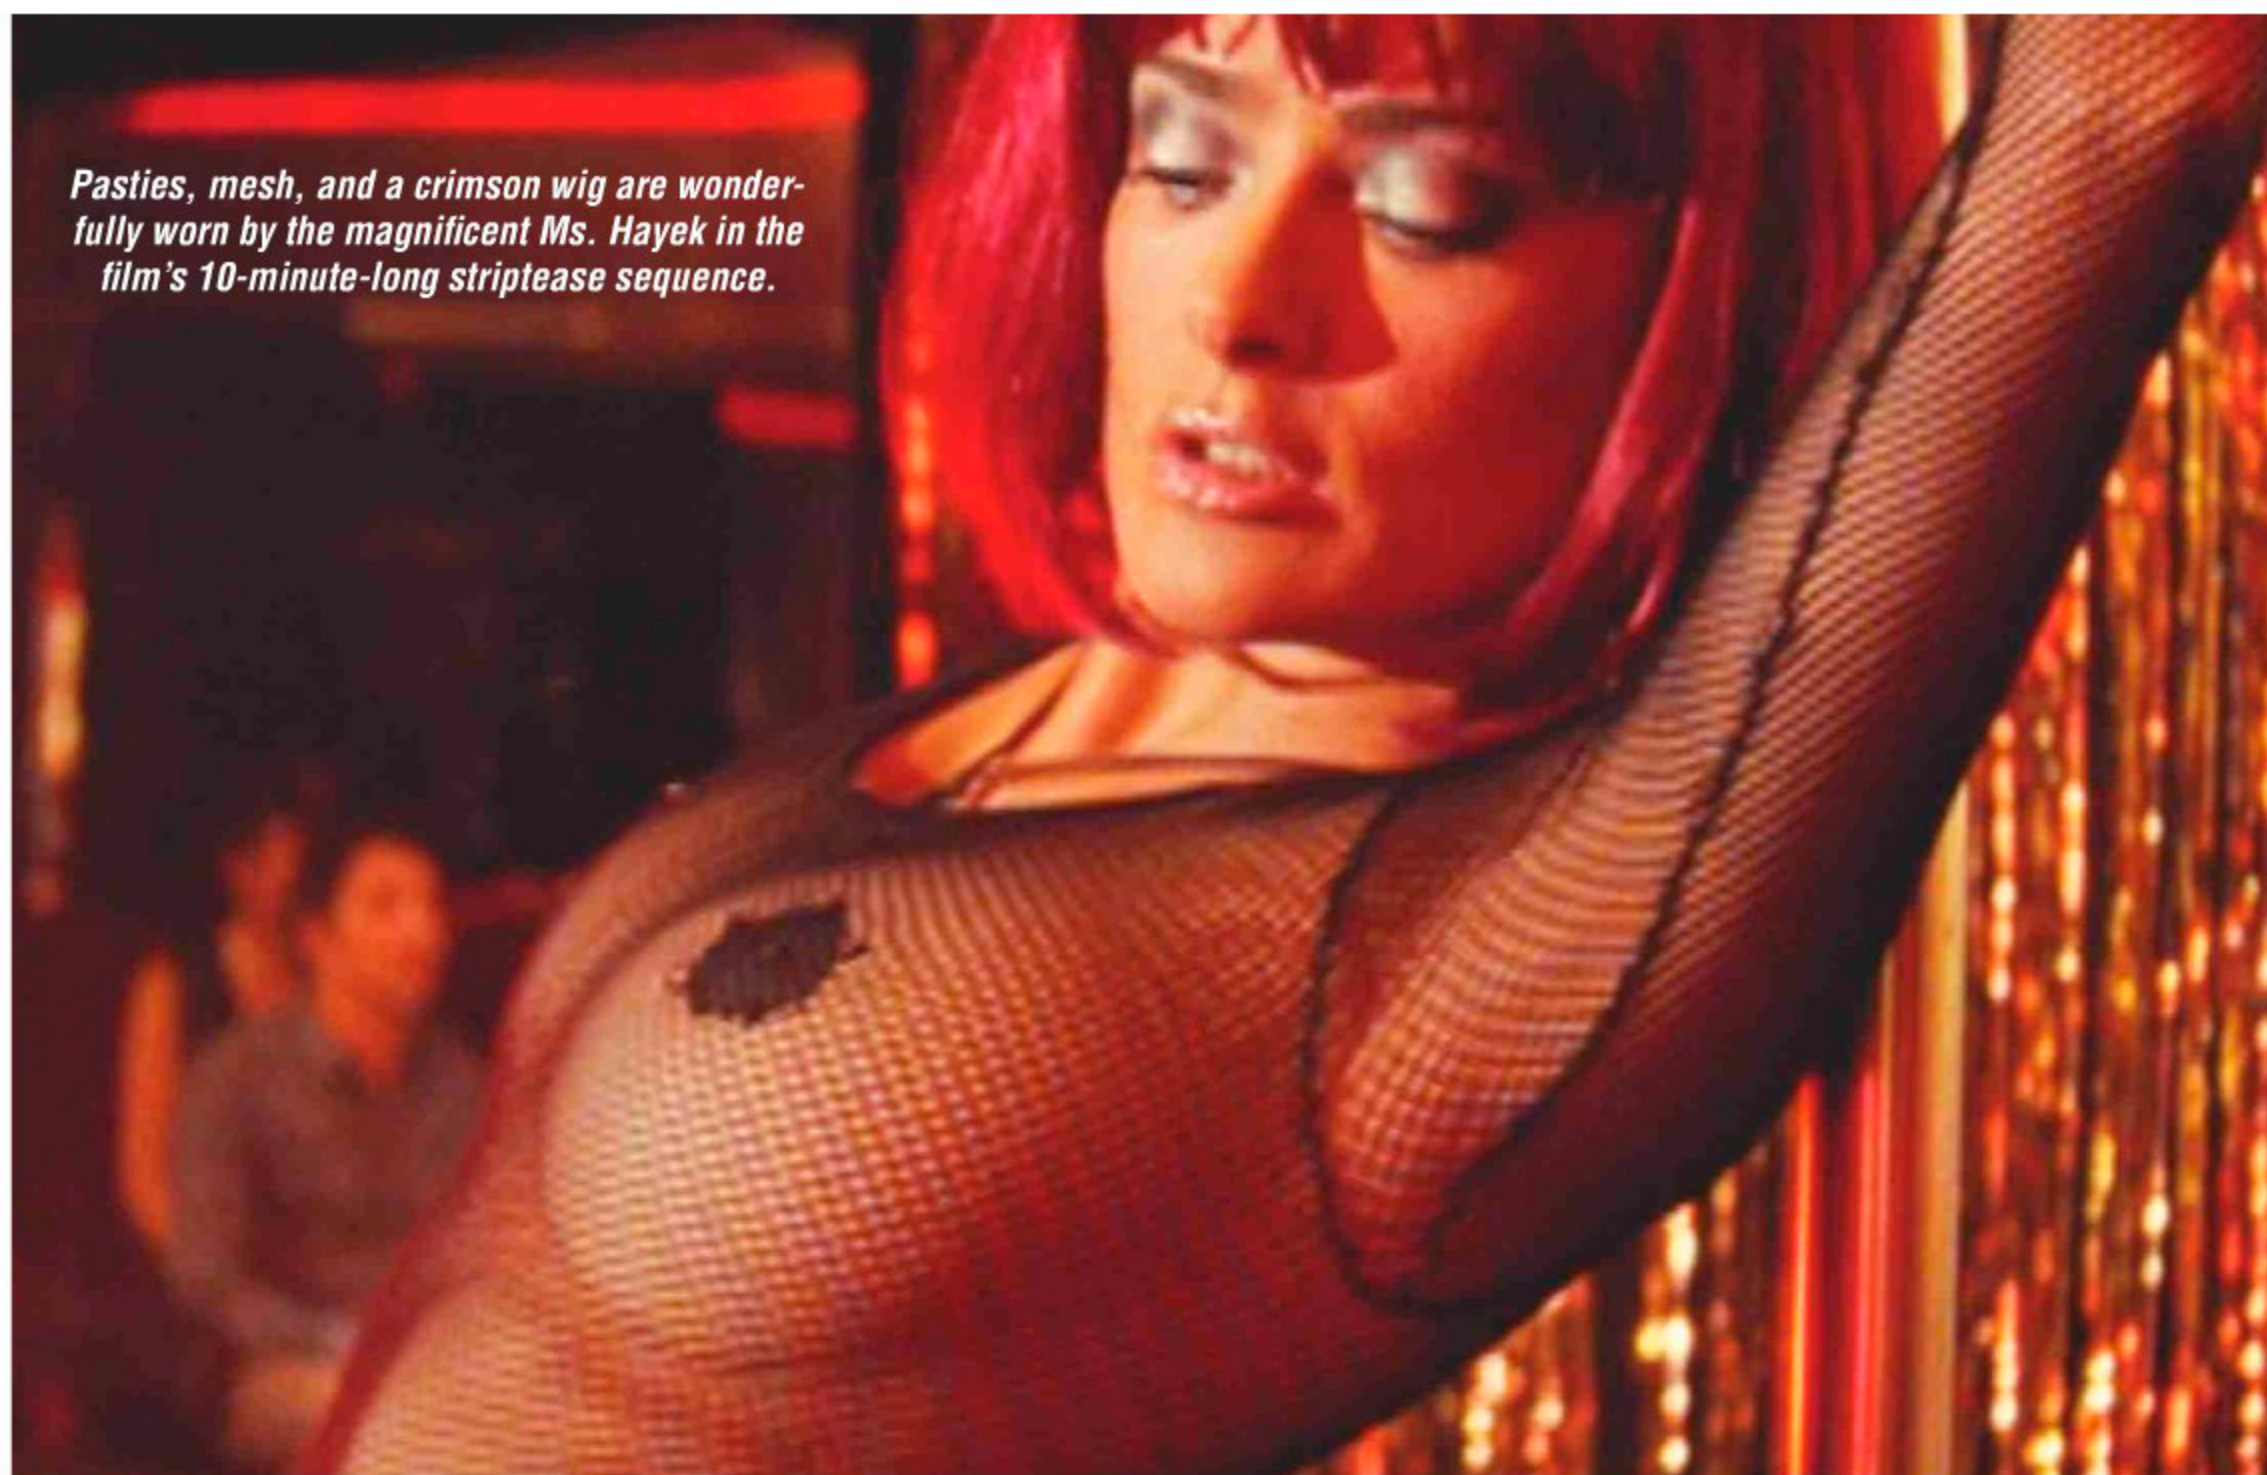

Salma's sizzling strip sequence in *Americano* is undoubtedly her sexiest slice of cinema since 2006's *Bandidas*, and the first nude scene (or near-nude scene) she's appeared in since that same year's *Ask The Dust*, which followed 2002's *Frida* (2002), 1997's *Breaking Up*, and her nudie debut in 1995's *Desperado*.

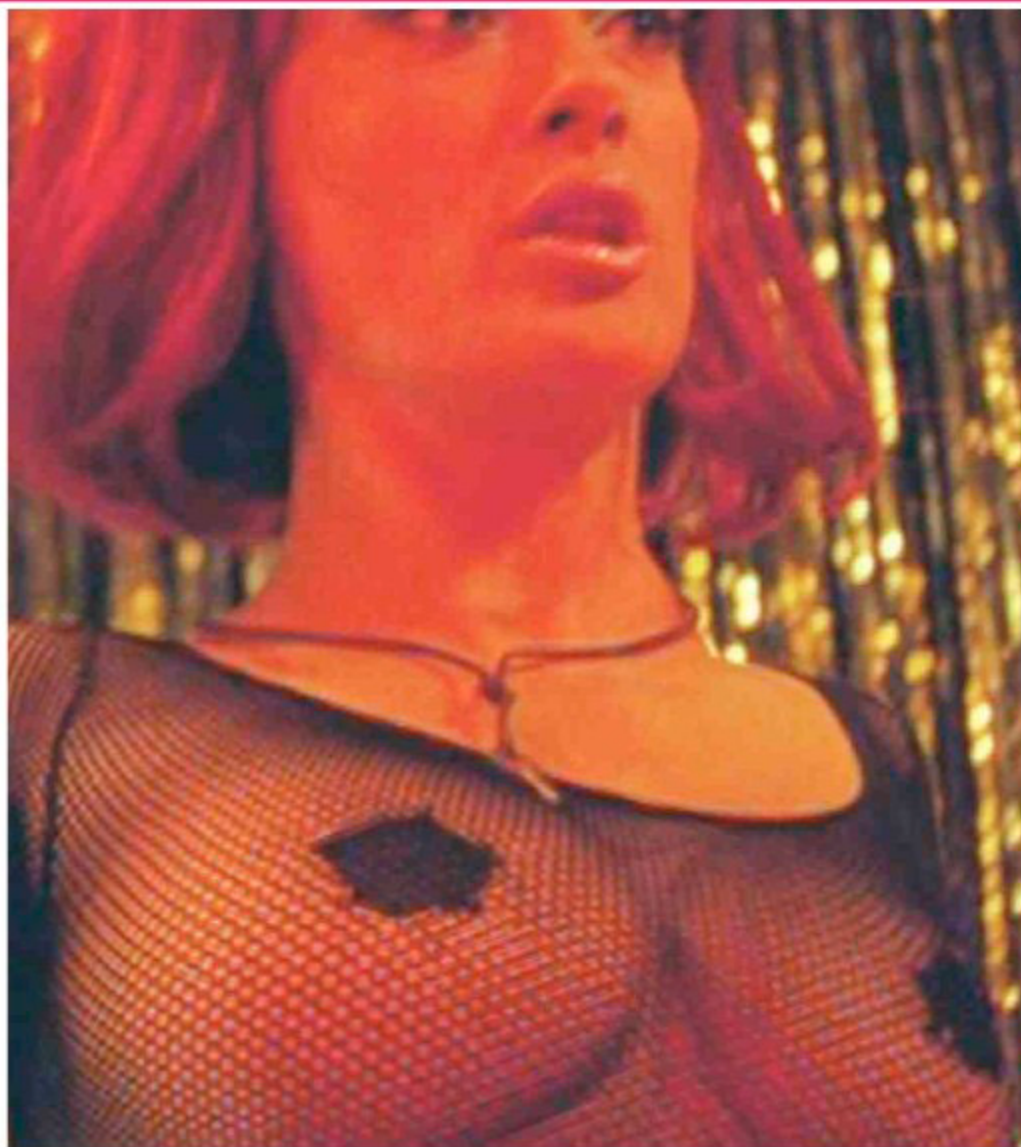

Americano finds stunning Salma Hayek returning to her Mexican roots—in a way—as a tantalizing Tijuana stripper!

Pasties, mesh, and a crimson wig are wonderfully worn by the magnificent Ms. Hayek in the film's 10-minute-long striptease sequence.

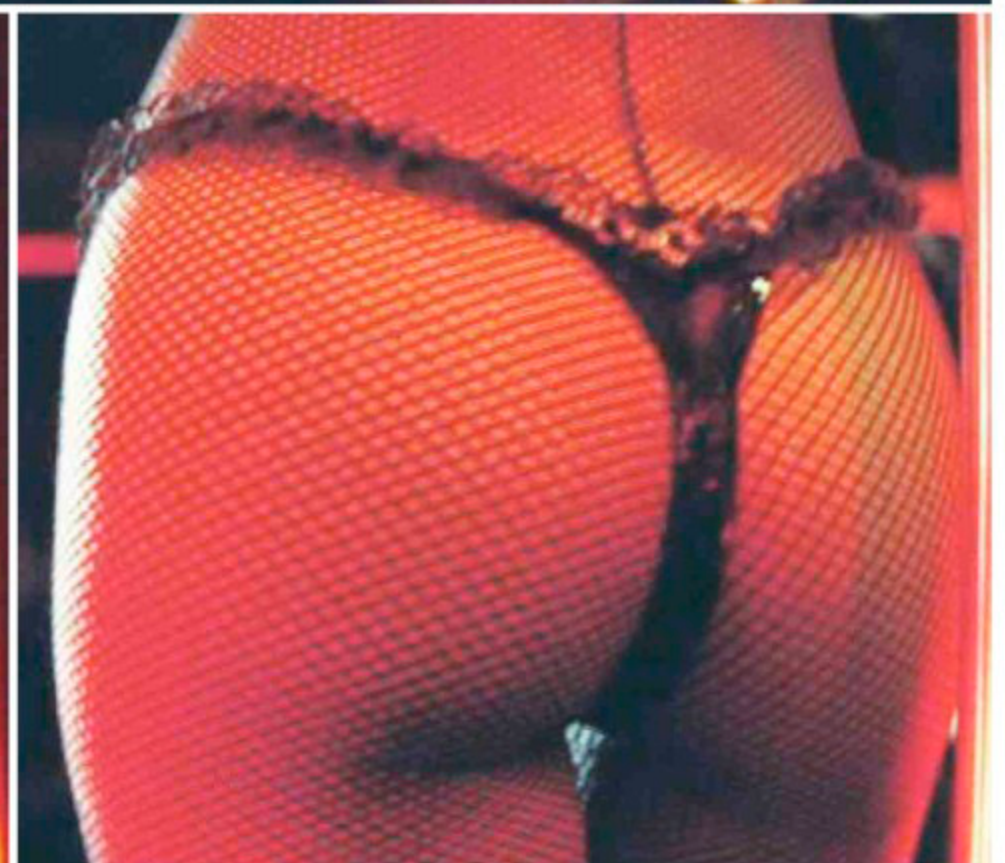

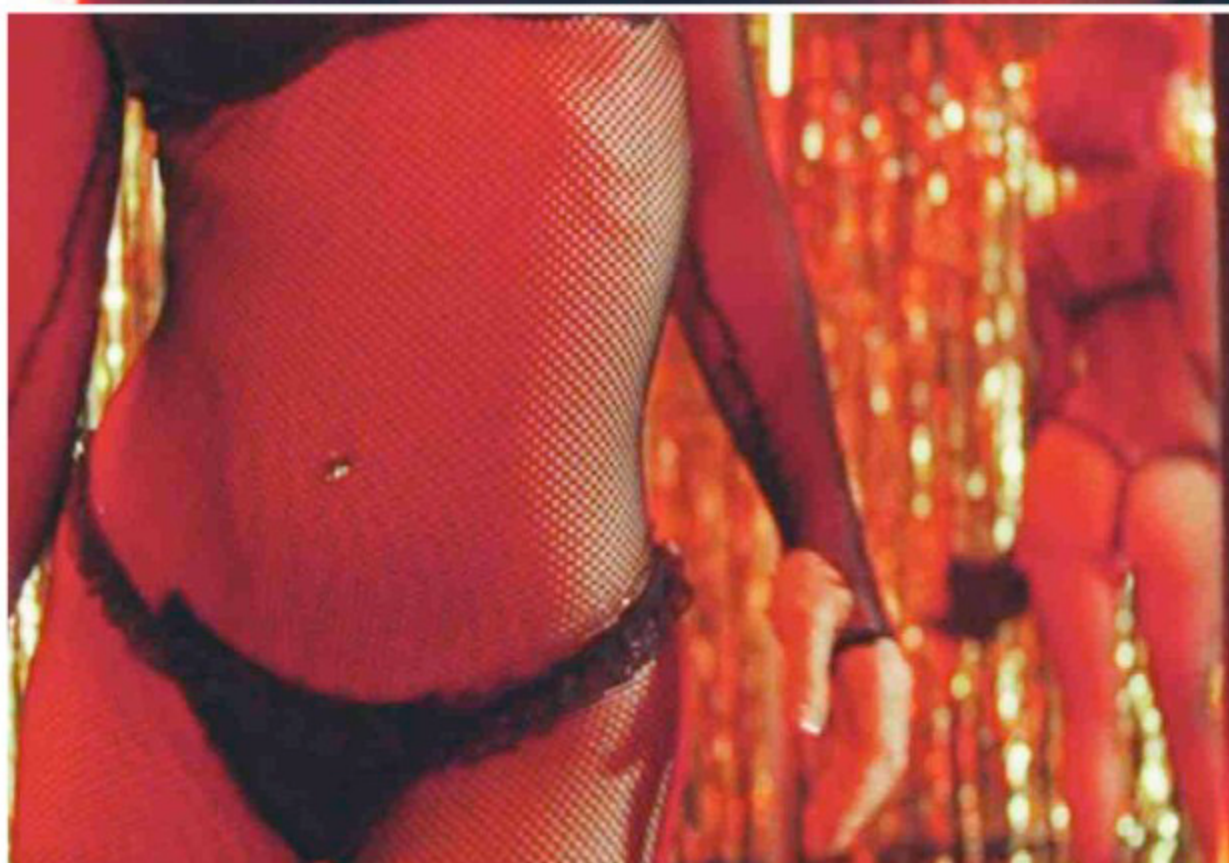

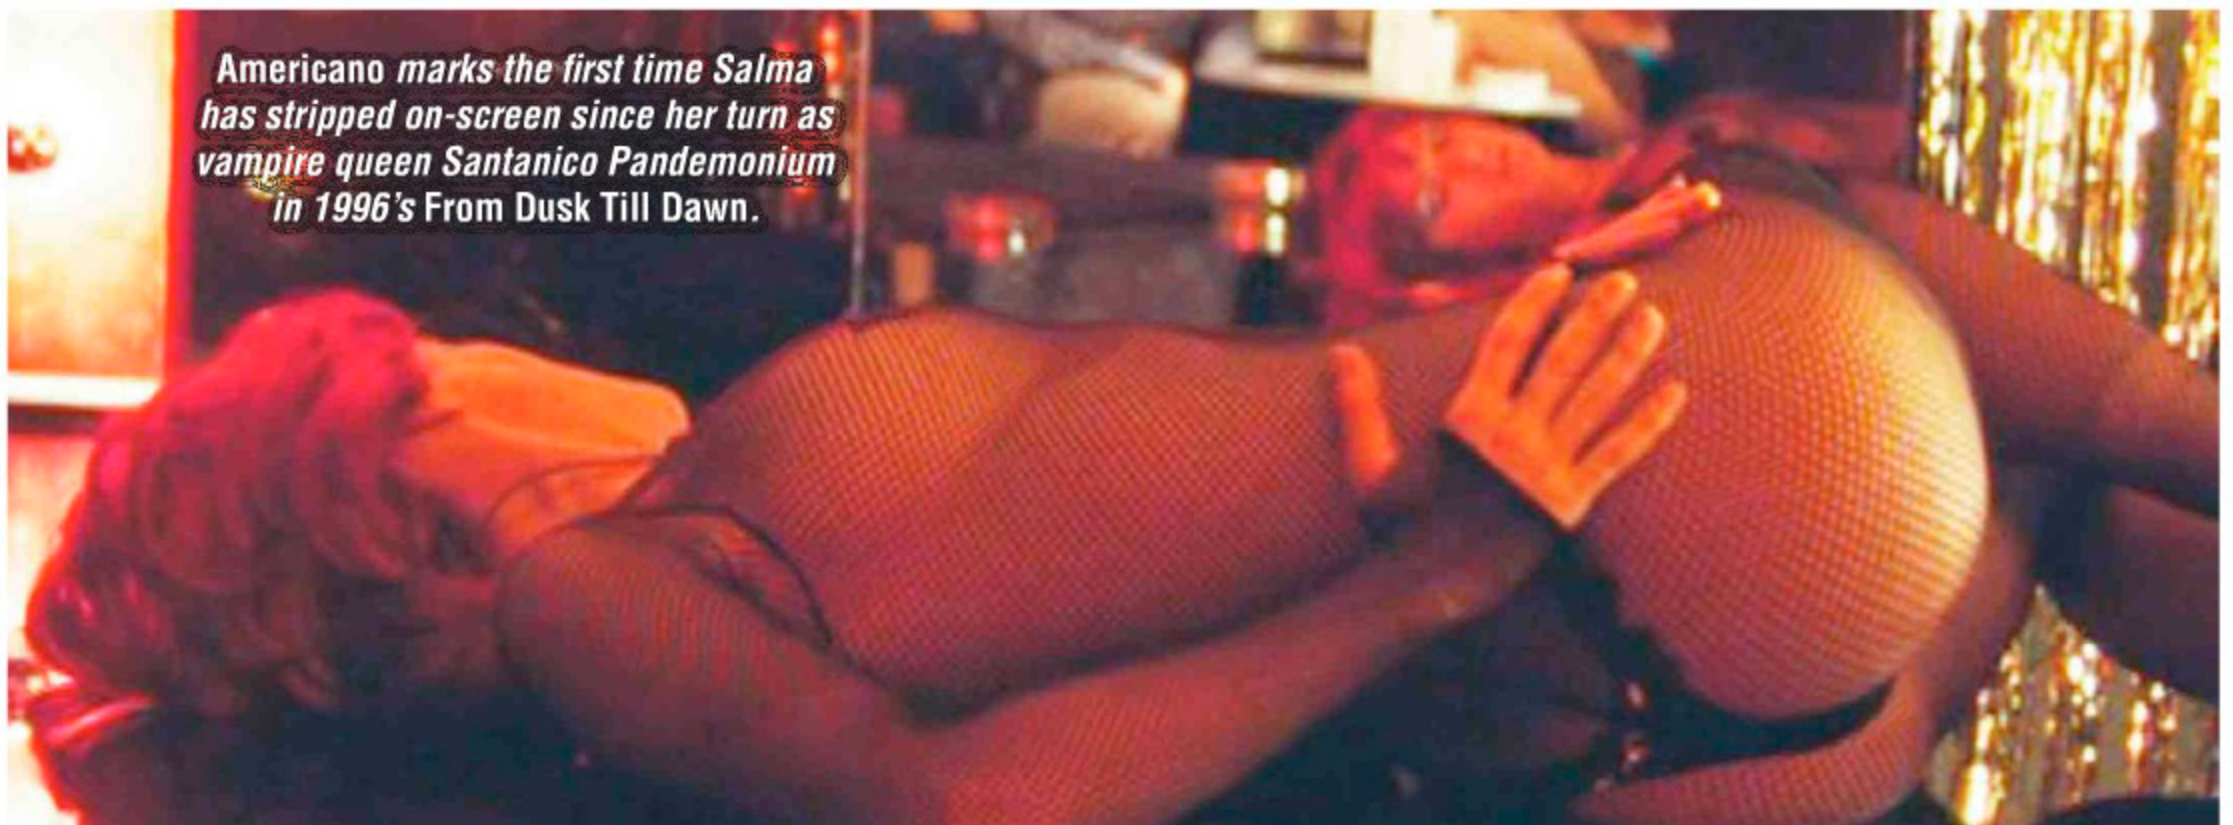

For her part, slinky Salma has no problem with nude scenes, provided they jibe with the character she's attempting to bring to life on the screen. Case in point: Hayek's star turn in *Ask the Dust*, a neo-noir brimming with sex, sensuality, and an unforgettable ungarbed sequence set on an Los Angeles beach.

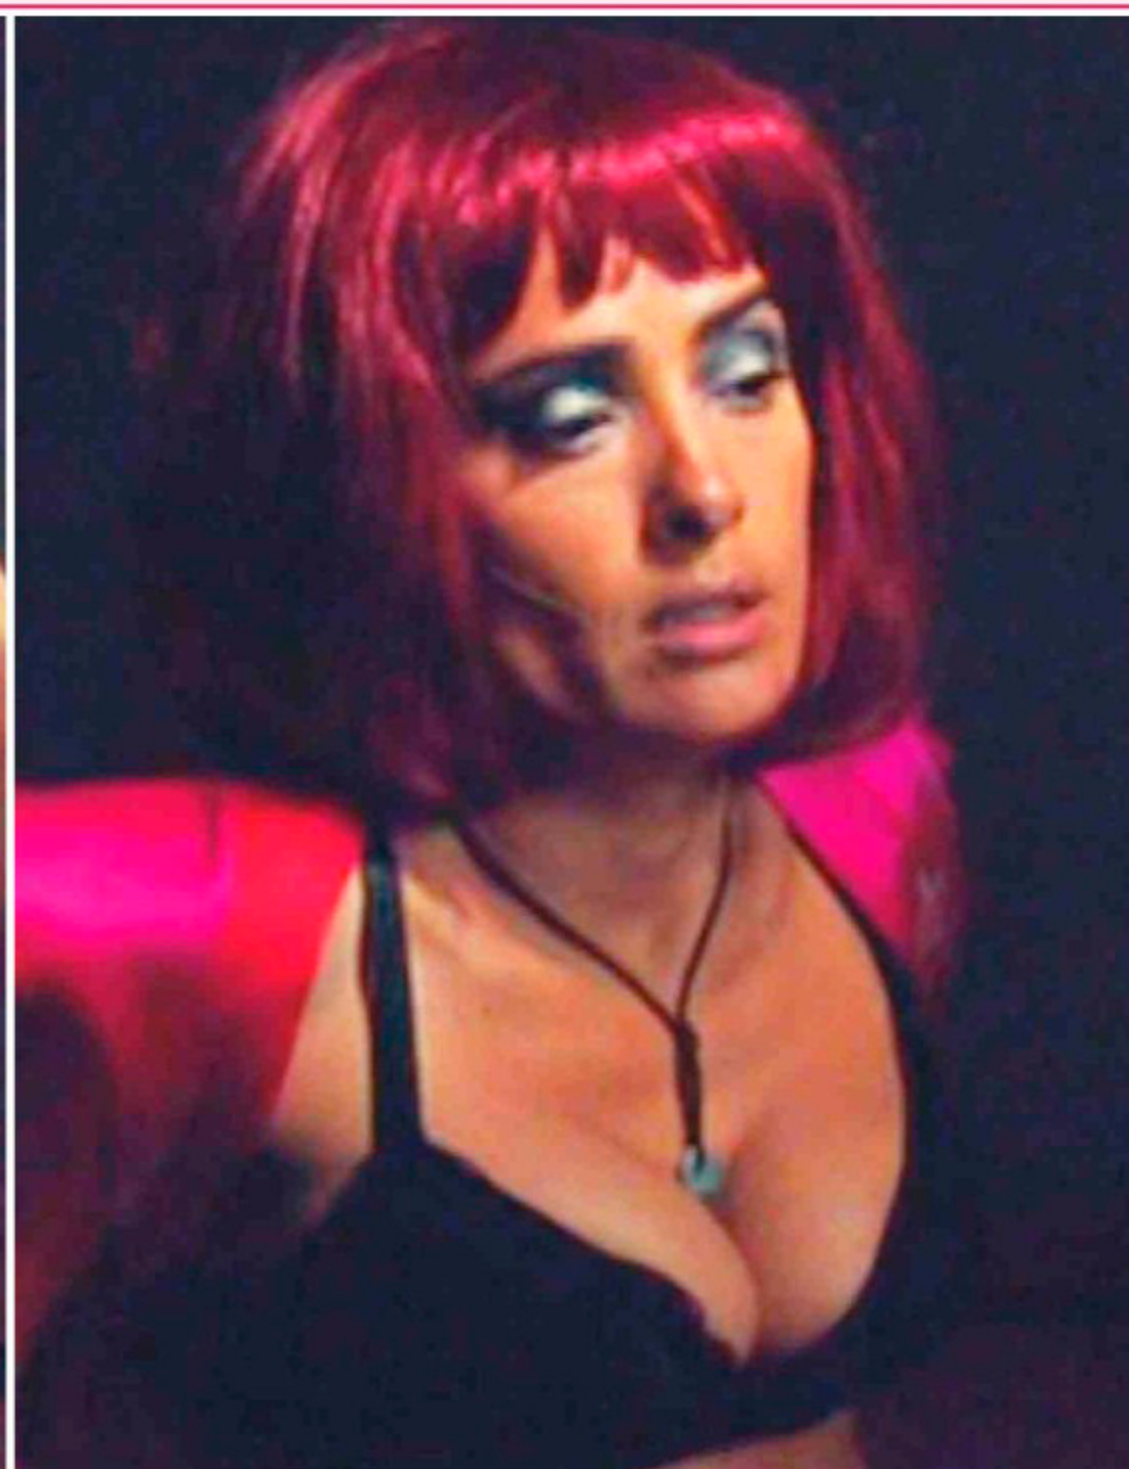

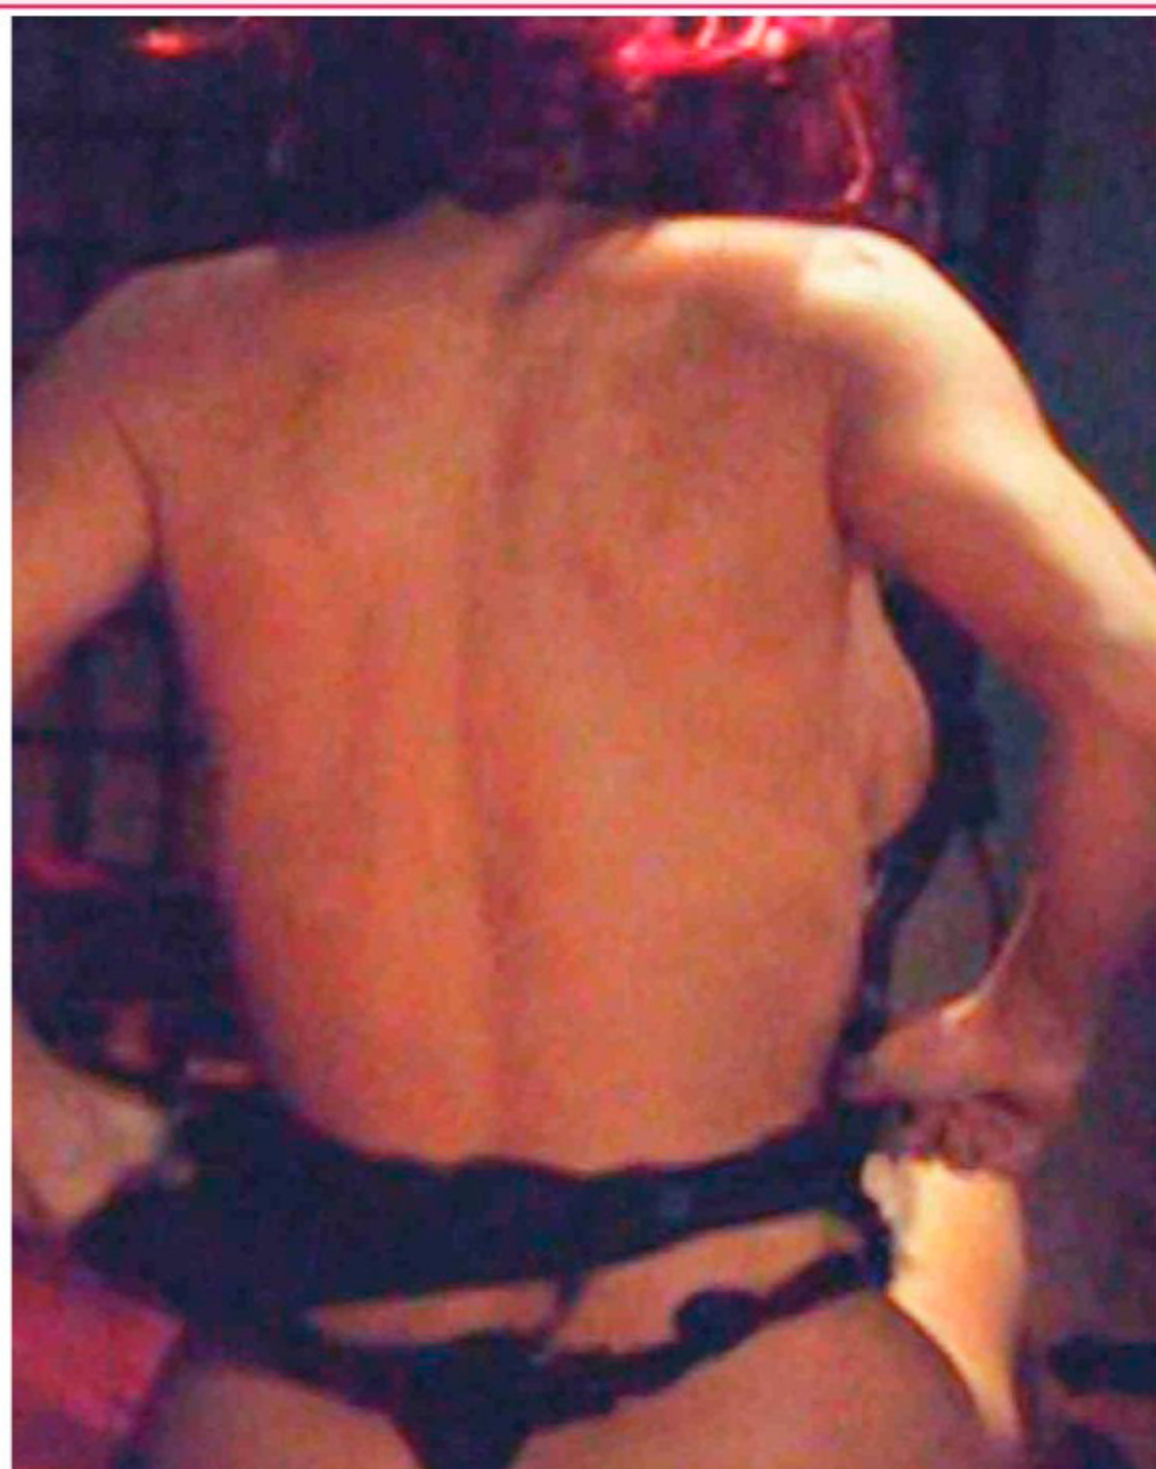

"Yes, it took a lot of courage to do this part, but the nudity has a lot to

do with the intimacy of the characters," says Salma of the memorable moment. "I think the scene on the beach, which is an iconic scene from the book, is symbolic of how this woman is a free spirit, full of life, and full of passion, with a twisted sense of humor."

As for *Americano*, filmmaker Mathieu Demy was all-too-thrilled to have Salma headline his cast (alongside himself!).

Americano marks the first time Salma has stripped on-screen since her turn as vampire queen Santánico Pandemonium in 1996's From Dusk Till Dawn.

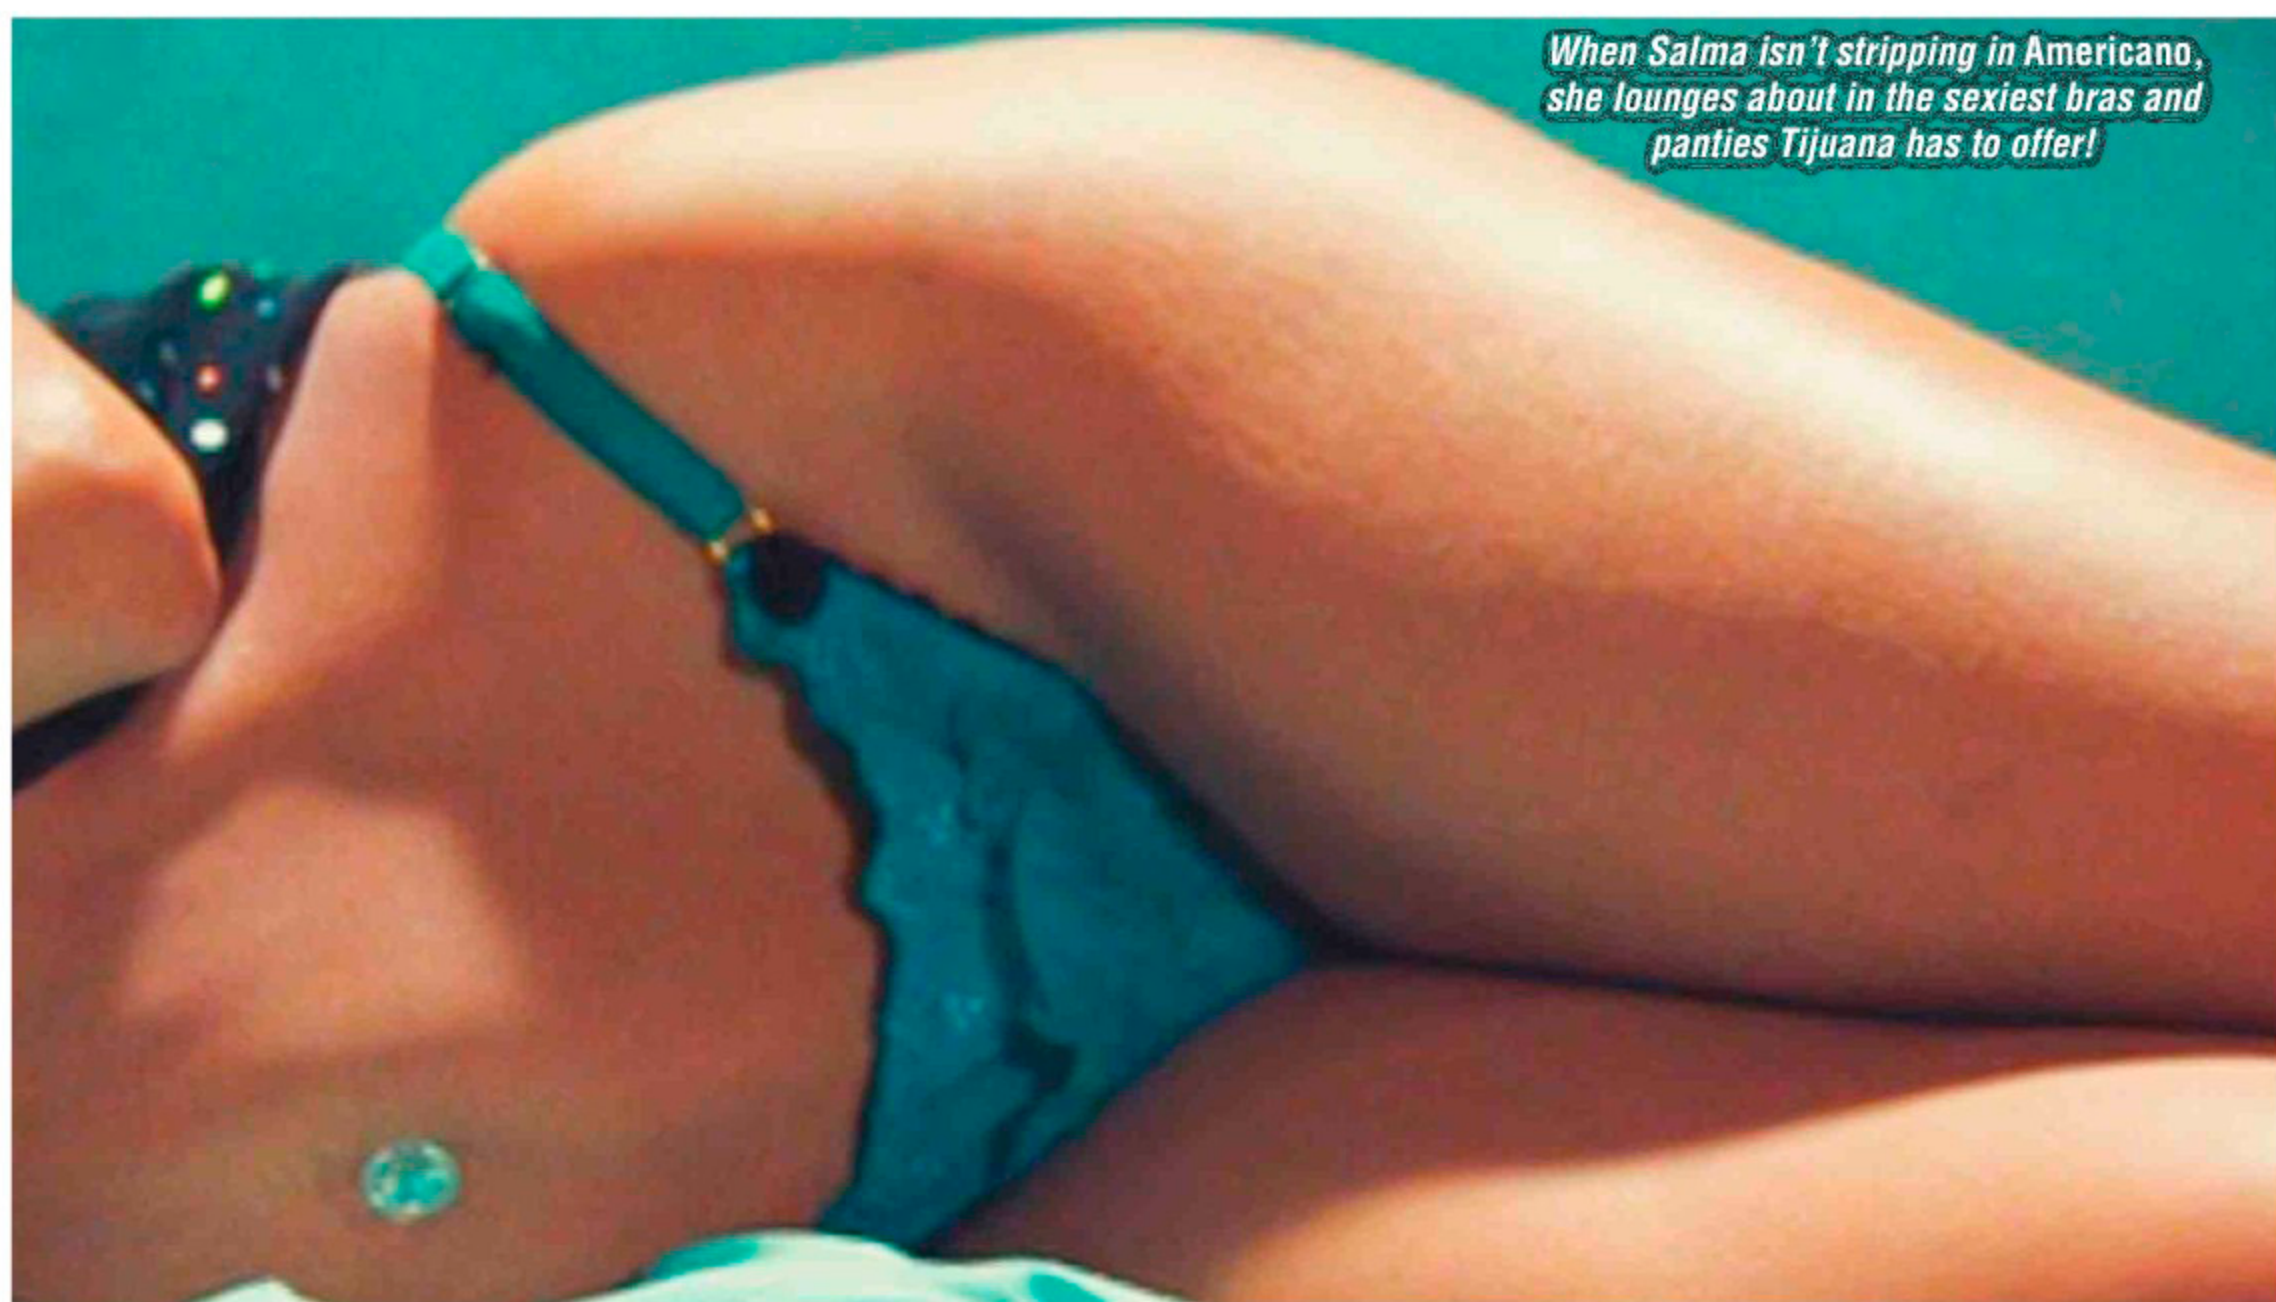

"I wrote it for her, I had her in mind, because I tried to cast some actors who I had the desire to film," Demy explained in a recent interview. "Salma really embodied this fantasy of a certain kind of cinema, because she's so fascinating, and I thought she would really bring something to the character and make the storyline shift in a slightly dreamy way.

Demy is also convinced that *Americano's* central striptease set piece is what primarily inspired Salma to join the production.

"She lives partly in France, so I got the script to her and she agreed to meet with me, and I guess was interested in the pretty challenging aspects of her part—the singing/stripping/acting scene, which is a huge, 10-minute sequence in one take, and very challenging. That was exciting for her...and everybody!"

Everybody is right. Including an eager-to-ogle audience! Many thanks, Ms. Hayek!

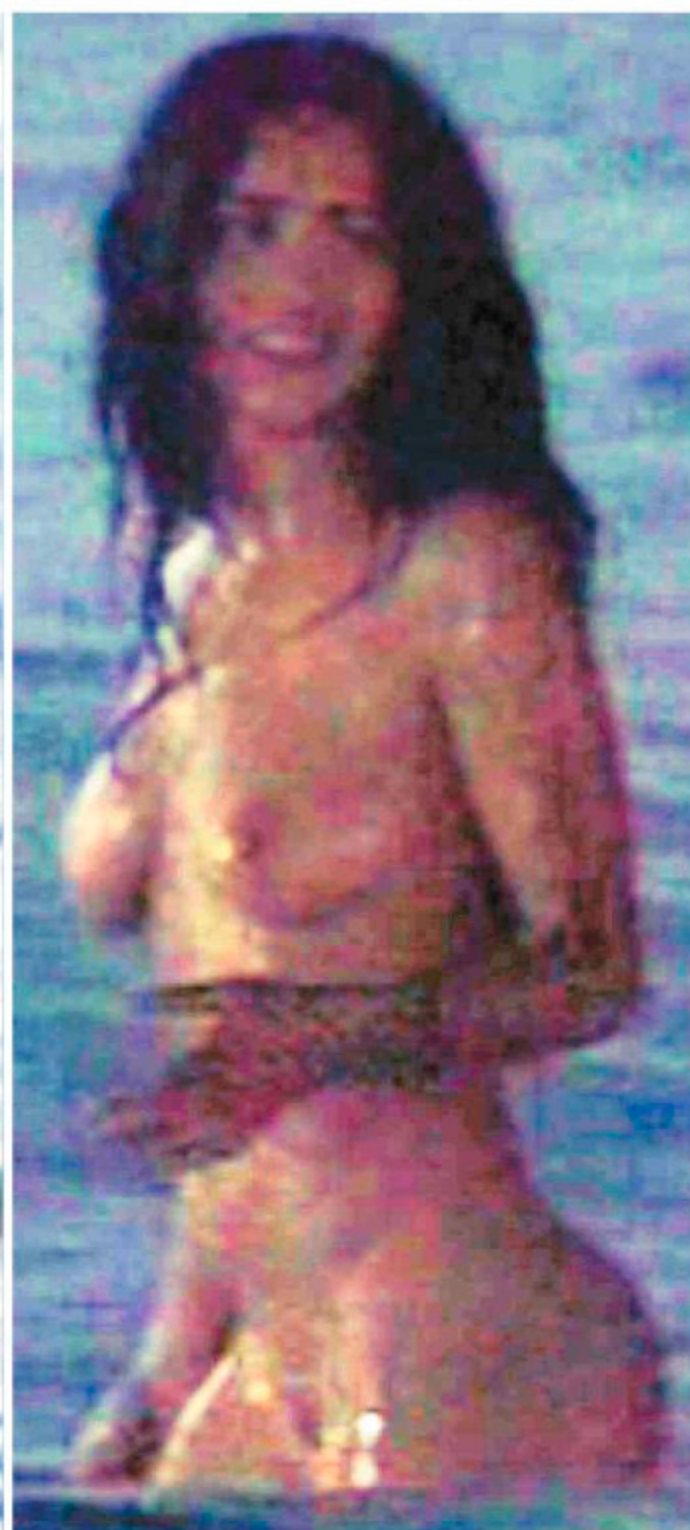

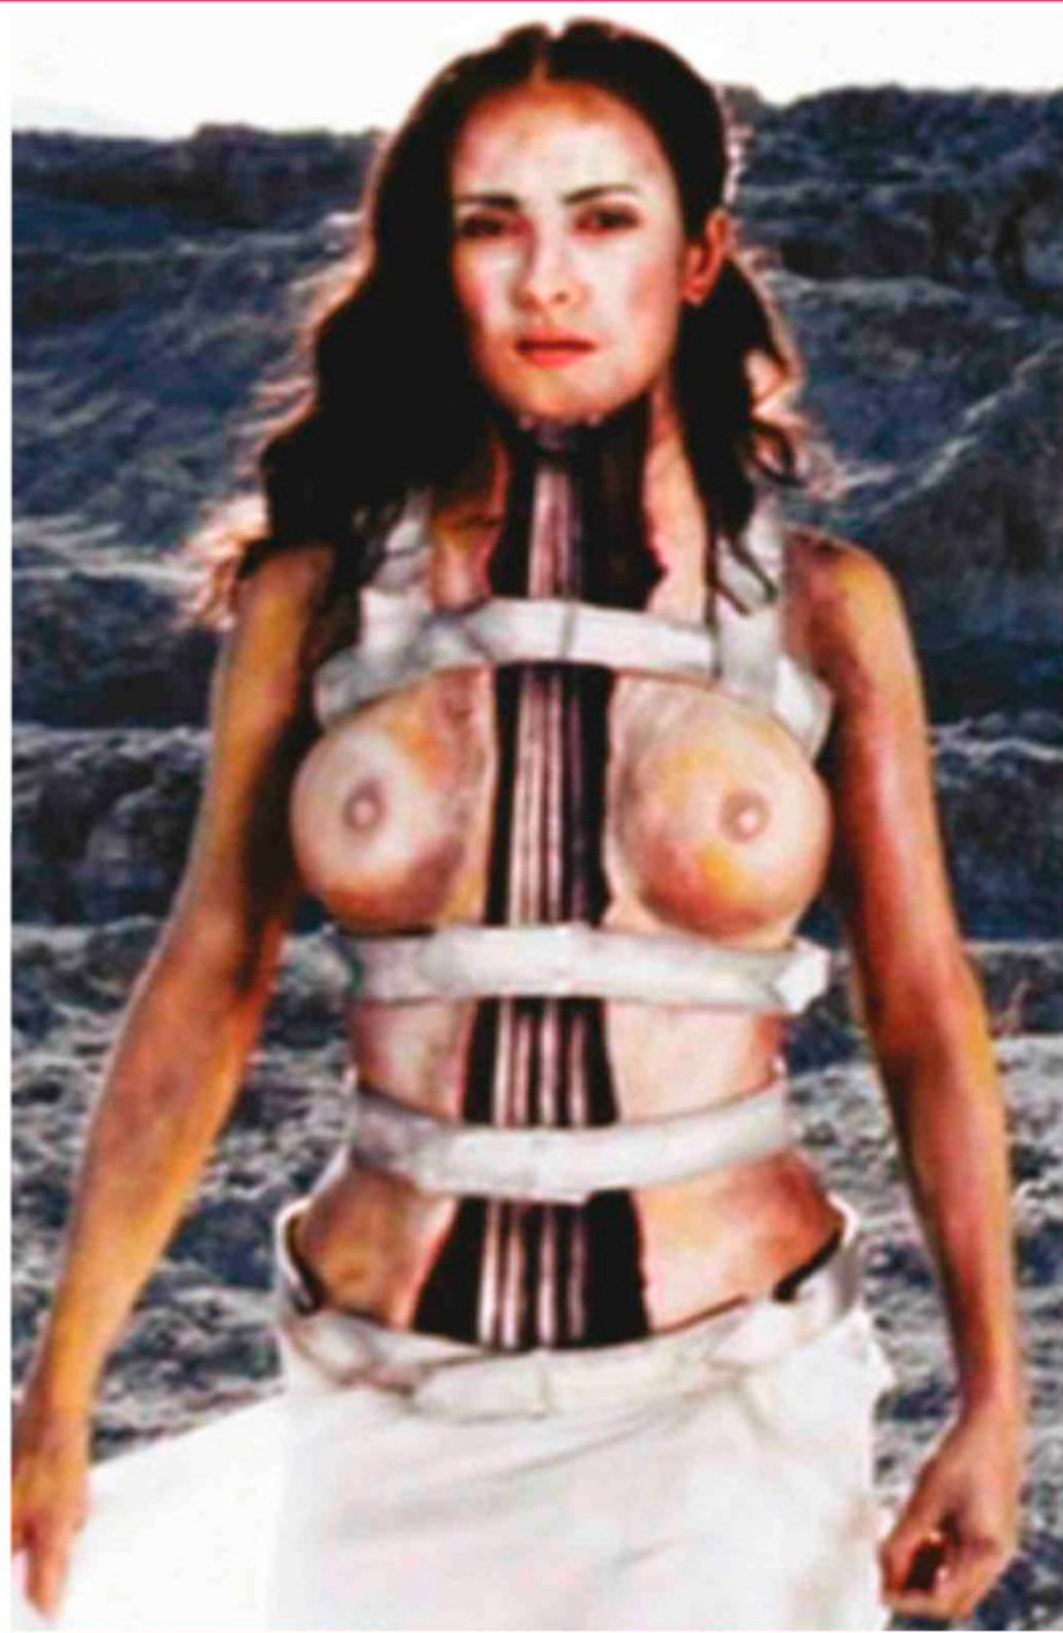

*When Salma isn't stripping in **Americano**, she lounges about in the sexiest bras and panties Tijuana has to offer!*

SALMA'S GREATEST TITS!

All The Nudes That's Fit To Print: *Salma unleashes her "Hayeks" in 1995's Desperado (above) and 2005's Ask The Dust. (below).*

FRIDA

Salma starred as the talented and frequently nude Mexican artist Frida Kahlo in the 2002 film Frida, which she also produced.

IN PLAIN SIGHT

Mia doesn't pull any punches, but she might tug on your crank! This no-nonsense blonde wears her heart on her sleeve and latex dresses with her big tits hanging out. She's honest, genuine, and a bit of an exhibitionist, qualities that ramp-up her sexual prowess and stiffen our dicks! While some may find her in-your-face attitude a little over the top, most of you horn-dogs will just find Mia really fucking hot!

**MILF
BANGS
TEENS**

Little in life can match the satisfaction of being someone's mentor. Especially when that help that you're so selflessly providing is of the animal, sexual nature. When wizened pussycat, **Puma Swede**, first met newlyweds **Vanessa** and **James**, the two had the sexual chemistry of dry cement. Puma, a little older, wiser, and more experienced in matters of the heart and genitals, saw the couple's potential. From that first day, she dropped her panties and dove right into bed between them, guiding their growth and development between the sheets. Sure, Puma is a horny cougar on the prowl who loves taking James' mammoth member down her throat and 'bagging his balls, but she gets just as much satisfaction watching him spew hot choad chunks all over Vanessa's pretty face. "That bitch!" says Vanessa, wiping Puma's hot mess off her husband's nuts. "I really, really hate that fucking bitch!"

DIRTY SLEAZE FROM ACROSS THE SEAS!

The kitchen table is a sacred place in most households—it's an altar to domestic life. It's where great meals are eaten and memorable conversations are real and meaningful. It's also a pretty damn convenient place to crash some hot, pink Hungarian pussy. So it's important to Budapest-native **Kristina Bella** that she give her new man's kitchen table a nice test drive before committing to anything long term. Her lips quickly swell with the venom of lust and her steely blue eyes reveal ecstatic delight as he bends her over and stuffs her pink stinker full of aching, hard khaki timber. Tonight, she's the centerpiece of the kitchen table; tomorrow morning, she'll just be another notch on its wobbly leg.

AMERICA'S DRUG WAR ADDICTION

Story by PETER THOMPSON Illustration by WAYSHAK

War is based on deception," wrote ancient Chinese military sage, Sun-Tzu. Large-scale organized aggression is often fueled by a stimulant meld of ignorance, falsehood, and fear; championed by a megalomaniacal, mentally ill, leadership. Nowhere is this more in evidence than America's own century-long "War on Drugs."

Without stopping to parse complex legal precedent or analyze the constitutional merit of our nation's disastrous drug Jihad, it seems fair to assume that the people in Washington responsible for perpetuating the nation's costliest, most far-flung farce are, in all likelihood, smoking crack. The "War on Drugs" is a carnival of diverse perversity: it's a bearded lady wrestling a box of rats. It's a knife-throwing abortionist with an alcoholic tremor performing cut-rate procedures for 400 arcade tickets.

The facts that surface from the front lines of the drug war get progressively worse. More than 60,000 Mexicans have

white men." The primary reason for outlawing drugs, to his mind, was because of the "effect [they had] on the degenerate races."

From the beginning, law enforcement has been charged with the unenviable task of enforcing entirely unreasonable and unconstitutional laws, violating the inalienable natural rights of the American public. Cops draw their paychecks by subjecting the spirit and substance of our enlightened democracy to one runny shit-bukkake after another.

In the past century, the Federal government has tried everything to combat drug use, including throwing stacks of money directly at the problem, spending cash faster than Bobby Brown honeymooning in a crack factory.

The use of illicit substances has remained remarkably steady since San

the spirit of the Constitution and its literal interpretation, much like a man with a bushy porn mustache and a bitchin' '70s panel van with a mattress in the back, and tapestry curtains in the windows violates the person he's just kidnapped.

Most of the Founding Fathers either used or grew opium poppies and marijuana plants on their estates. Any student of logic can tell you that these men had no intention of making themselves felons by outlawing these substances. Otherwise, it wouldn't have been necessary to amend the Constitution in order to pass the Volstead Act, expressly prohibiting the sale and use of alcohol in 1920, which was, itself, an attack on immigrants and Catholics by the powerful white, Protestant majority. Prohibition of alcohol was nothing more than an effort to legislate morality. Virtue should not and cannot be compelled or coerced in a free society. Prohibition of

THERE ARE NOW OVER 2.5 MILLION MEN AND WOMEN THAT ARE BEING WAREHOUSED IN PRISONS ACROSS THE COUNTRY, YET THE SUPPLY AND DEMAND FOR ILLEGAL DRUGS REMAIN AT OR ABOVE PRE-WAR LEVELS.

been maliciously murdered as a result of the market created by our prohibition. We've got blood on our hands from our own participation in smuggling drugs into sovereign foreign markets for resale to fund black military ops and assassinations around the world, while dumping tons of junk into the laps of our inner-city youth who we quickly haul off to prison after they liquidate each other in the hardhearted marketplace.

Forty-two years and two trillion dollars after President Nixon stood in millions of American living rooms and announced "an all-out offensive" against drug abuse, progress has been nil. There are now over 2.5 million men and women that are being warehoused in prisons across the country, yet the supply and demand for illegal drugs remain at or above pre-war levels. The only real difference the "War" has made is that drugs are now cheaper and more pure than ever.

From its inception, the brain trust planning and directing the legislative and enforcement strategy of America's battle on bad chemistry have been a succession of defective personalities: bigoted charlatans, religious extremists, repressed despots, and intractable morons. Harry J. Anslinger, head of the Federal Bureau of Narcotics for 32 years (the predecessor to the DEA), was a revolting amalgam of all four. "Reefer," reasoned Anslinger, "makes darkies think they're as good as

Francisco passed the very first anti-drug law in 1875—an anti-opium bill—a desperate, bigoted,

reactionary measure in the midst of a severe economic recession meant to chase off cheap Chinese labor and guarantee the local racial stock remained "pure." The perceived threat of Chinese men against white women caused newspaperman of the time to refer to them as "The Yellow Peril."

The prohibition of drugs violates both

booze ultimately failed. Prohibition of other drugs has been doomed from the start. How long will it take before the country comes to its senses this time? How many more trillions of dollars will we squander fighting a war against ourselves?

The War on Drugs is as fraudulent and disingenuous as a smiling, twelve-cent whore ordering people, under penalty of prosecution, not to have dirty thoughts. And if you're caught, you'll be locked up in a cage with child molesters and baby killers and humiliated for the rest of your natural life. And this whore (let's call her the Federal government) can stop you for no other reason than the fact that she doesn't like the way you *look* and she can check your drawers with a black light for signs of semen, she can peek in your windows, and listen at your door.

Drug use, contrary to heavy-handed drug war propaganda, is not always equal to drug abuse. At the very heart of the matter it is a health care issue meant to be dealt with by health care professionals. Every single agency in America responsible for the enforcement of

drug laws, from the DEA to the Drug Czar, Gil Kerlikowske, recognizes that drug abuse is a treatable disease, a medical illness, and not the result of moral or criminal failings. Yet we still arrest the sick. It's like sending in a SWAT team to surgically remove the polyps from an old man's colon.

Literally and figuratively, cops are not brain surgeons. In fact, with the advent of forfeiture laws, police agencies are now just as dependent on drug money as cartel bosses. Their budgets don't work without the influx of dirty dope dollars. Without the huge sums of seized cash and the proceeds from selling seized cars, seized property and jewelry, their paychecks would bounce. And without drug arrests and drug crime, we wouldn't need to hire so many damn cops. Which is one of the reasons police departments go out of their way to announce large busts or extreme stories, usually having to do with kids. Police need the public to be scared and to think with its emotions. The more you worry about drugs, the more money the department gets to fight them. War on Terror, anyone?

With 1.5 million drug arrests per year, the private prison industry is booming and states are taking advantage of their 2.5 million man captive workforce (made up of mostly young black and minority men) to work all week for pennies on the dollar. At least when they were slaves they were allowed to sing.

Today, there are more people employed in some facet of the Drug War than there are actual drug addicts. Millions of people with a conflict of interest: How can a DEA agent honestly say he wants to win the War on Drugs when doing so would put him and his family out on their asses? How could his kids go to college? How could he pay the mortgage?

Legalizing (or re-legalizing, technically) drugs would save the country billions of dollars a year in law enforcement while making billions a year, taxing and selling the narcotics.

DRUGS ARE BAD, M'KAY?

A scruffy-white, silver-tongued magician enters a playground full of young kids (no parents anywhere) and lays a dirty towel on a picnic table. He begins a sing-song rap: "Hey kiddies, gather round (the kids immediately form a semicircle around the strange, middle-aged freak) the man with the goodies is here! (He magically pulls a small tube from his

pills out of his hand. "Lookie—ampehtamines...Bennies. Dexys. Meth." He goes on to do these tricks until his whole pharmaceutical inventory is spread out on his filthy napkin.

If a beat-looking magician in a brown sport jacket ever came up to a group of kids in a park and tried to give them LSD pills, well, this commercial might have saved a life. But since that never happens, the only point of the thing is to scare overprotective mothers into keeping their kid from playing alone and voting for the incumbent in the next election. *The purpose of the War on Drugs is not to end drug use—the purpose of the War on Drugs is to perpetuate the War on Drugs.*

The propaganda used in America's "War on Drugs" is reminiscent of a Fascist extermination scheme, or an infomercial for a magic hand towel made in Europe. The information is bad, the product is unproven and cheaply made, and everything is based on emotion.

Drugs have been hideously demonized and the general population has been so utterly manipulated to the point

where even debating the possible legalization seems like it's against the law. In America, there exists a sizable number of, otherwise rational people, who would agree with the statement that "drug dealers target schools and schoolchildren."

That's basic knowledge as presented by the drug war folks. Everybody knows that. Drug dealers love selling dope to children. Who wouldn't?

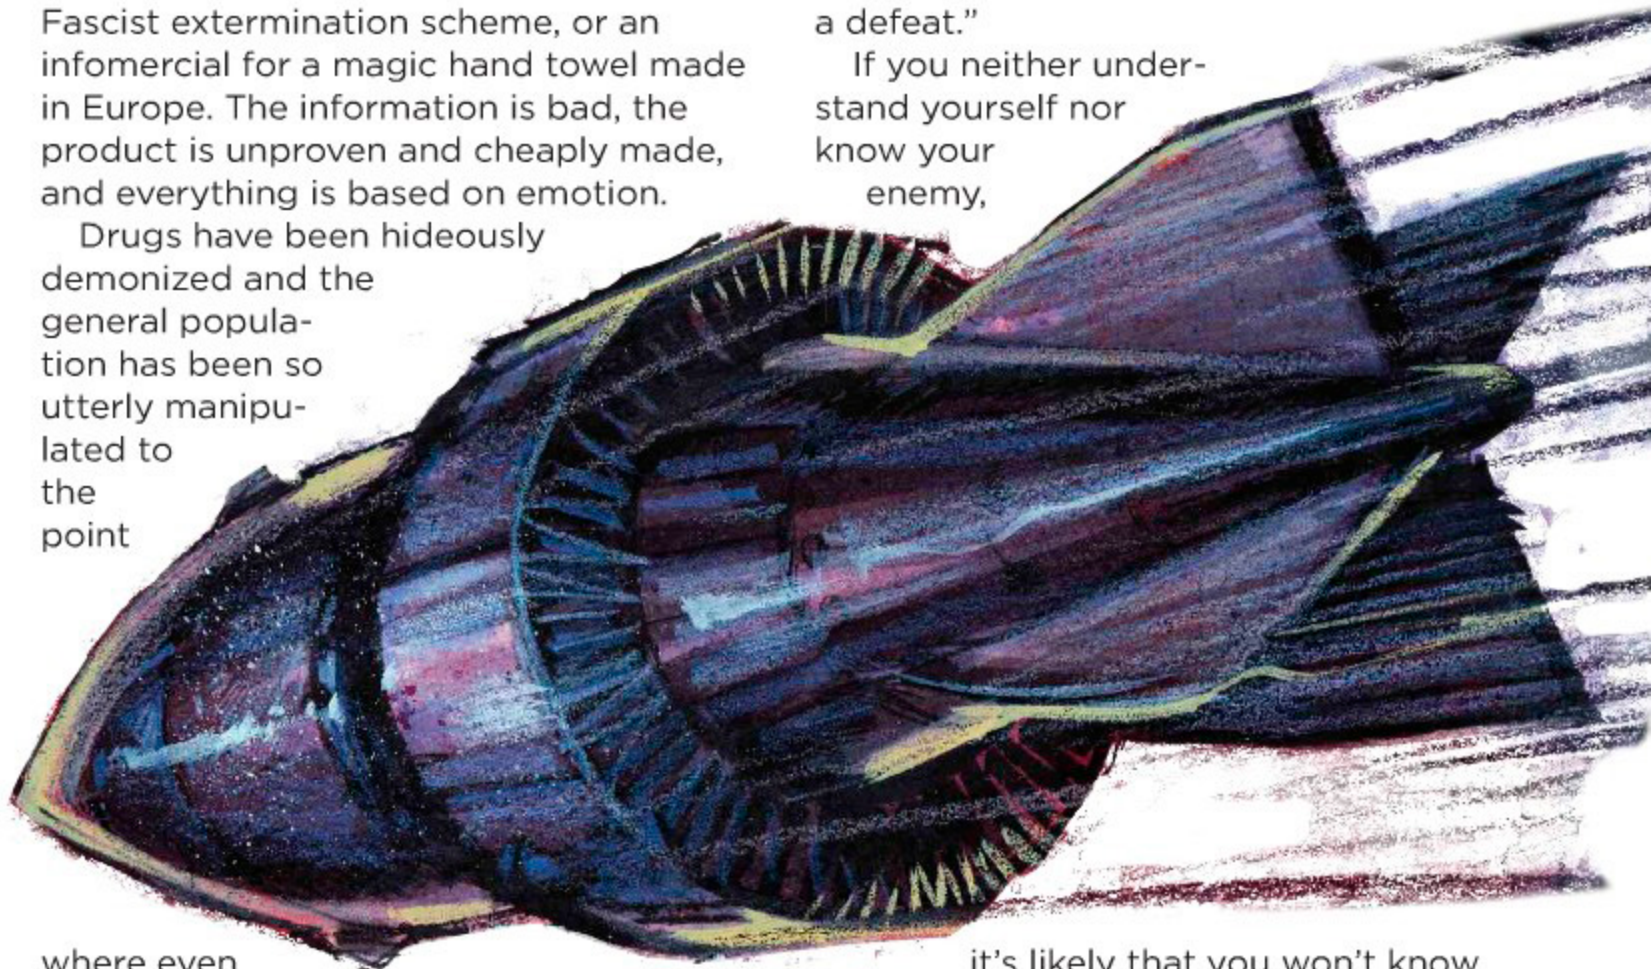

And they always give the first sample free; but yesterday's friendly smile and insistence has been replaced with a sharp businessman with no pity. As it happens, the second dose is NOT free. It costs money, but the kid is already hopelessly addicted. He needs to score. He's got how much cash on him, maybe \$2 for lunch? Maybe he gets \$10 a week for allowance? Drugs are pretty fucking expensive. A decent-sized habit is a

shit and sells it, he really has no way of bringing the dealer the \$50 to \$100 a day it'll cost to support his monkey. And when he inevitably gets caught, the first thing the little shit will do is roll down on his dealer. Plus, slinging rock in a school zone can mean life in prison. It just doesn't happen this way. Drug dealers are by nature suspicious, paranoid people, but they're not especially stupid.

I LEARNED IT FROM WATCHING YOU!

In order to persevere in war, Sun Tzu counseled that it was *essential* to know your enemy as comprehensively as you know yourself. "If you know yourself but not the enemy," Sun-Tzu warned, "for every victory gained you will also suffer a defeat."

If you neither understand yourself nor know your enemy,

it's likely that you won't know whether you're winning or losing the war, and it's likely you'll end up bruised and bloodied, badly beaten, and you probably won't even know it.

So here's a fact about the Drug War that a lot of people still don't know. Ready? *We lost.* Badly. It was years ago. Frankly, we never really had a chance. It was an impossible goal. People have been using substances as long as there have been people. People will continue to use substances until there are no longer any people.

There will never be a "Drug-Free America." It's a lofty, unreal utopian ideal. Society has never been drug-free any more than it's been sex-free or hate-free or free of petty arguments or disease-free or mean-free or fart-free.

How in the hell did we get ourselves so committed to such an unwinnable war?

THE ONLY REAL DIFFERENCE THE WAR HAS MADE IS THAT DRUGS ARE NOW CHEAPER AND MORE PURE THAN EVER.

sleeve. It's magic!) Here's a little beauty from me to you, just inhale and sniff, it is aeroplane glue." He spills a handful of

It's been a century since the opening federal volley in the struggle to eradicate the pharmacological evils of God's good

earth. Those vile powders and ghastly pills, the terrible plants and grotesque toads, those felonious substances of abomination and immorality that threaten to bring down our very civilization: The reefer, the angel dust, cocaine, and smack; the crank and the crack and the chicken powder, bath salts, and raphies. Georgia home boy, truck driver, moon gas, Special K, and goofballs. Giggle sticks, fairy dust, joy flakes, locker room. Mary Jane, Big Harry, Christina, Rowdy Roddy Piper, Lucy in the Sky with Diamonds, Charles in Charge... And, you know, paint—'cause some people like to get high huffing paint. But it's still just called "paint."

The fight to legislate morality and usurp the Bill of Rights while eroding every American's right to life, liberty, and the pursuit of happiness actually grew out of good, old-fashioned American-made racial hatred, home-grown bigotry, and xenophobia. We may lose all our manufacturing jobs to China, but nobody on Earth will ever make racism the way we do. Add in the yellow journalism of the Hearst (early Hitler supporters) Newspaper Empire, and you've got the

cians were tasked with doing something about it. They decided the best way to eliminate the potential for civil unrest was to try to eliminate the Chinese themselves, first by turning off the spigot and cutting off the hordes of invading Asian immigrants (think Mongol armies on horseback) with laws like the Asian Exclusion Act, and passing laws against men wearing ponytails in the traditional Chinese style or carrying buckets of water through town on poles in the traditional Chinese style. Chinese men were not allowed to vote, testify in court, or own property. Nor were they allowed to send for their families. And thanks chiefly to the British, who fought two entire wars just to keep the Chinese addicted to opium,

ened vitality, which allegedly included a heightened sense of aim with a rifle and an uncontrollable urge to attack white women. The *Literary Digest* reported that, "most of the attacks upon white women of the South are the direct result of the cocaine-crazed Negro brain." Coca-Cola is said to have removed cocaine from its secret formula not out of a sense of concern for the health of their customers, but in order to appease its huge Southern market, which feared blacks getting ahold of cocaine in any form and sodomizing innocent Southern belles, so crazed that they couldn't even distinguish which hole is which. Another article from the *New York Times* called "The Growing

HOW MANY MORE TRILLIONS OF DOLLARS WILL WE SQUANDER FIGHTING A WAR AGAINST OURSELVES?

makings of a drug epidemic.

The late 19th and early 20th centuries were troubled economic times in America. The Gold Rush was long over and the railroads had been built, but those damn Chinese just wouldn't go home.

It was like trying to wait out your guests at a party by constantly flickering your living room lights on and off and then yawning in front of them. Much was made concerning the dangers of the "Yellow Peril." These were Chinese immigrants on the West Coast, many of them starving "coolies," which was just a kind of new way of saying "slave."

Many of the men had come here to build the railroads and so were used to working for shit wages, but now even a low-wage paying job was still a job and all the jobs belonged to the white man. Not only were the Chinese threatening to steal jobs from white folks, but there was also a danger that they would steal the white man's women and children. Politi-

one of the few salves they had was the smoking of opium in neighborhood dens. The Chinese were strange looking, had strange customs, spoke a strange language, and even had a strange way of ingesting opium. Sensational racially motivated newspaper stories came out describing how Chinese men would lure white women into their opium dens, get them hooked on drugs, and then seduce them into a life of white slavery. Put simply by a blue ribbon panel called The Committee on the Acquirement of the Drug Habit: "If the Chinaman cannot get along without his dope, we can get along without him."

Around the same time, the *New York Times* was busy reporting on the "negro cocaine menace" tearing things up below the Mason-Dixon line with their drug-fueled sex orgies and cocaine "sniffing parties." According to the *Times*, cocaine produced hallucinations in its users. It gave them super-strength and bloodlust. "He imagines that he hears people taunting and abusing him, and this often incites homicidal attacks upon innocent and unsuspecting victims." Cocaine had special effects on black men—it made them literally bulletproof, "giving the coke fiend a temporary immunity to shock—a resistance to the knockdown effects of fatal wounds." Southern police departments even increased the caliber of the rounds in their service revolvers in order to have greater stopping power and to better be able to take down the "negro cocaine menace" and his height-

Menace of the Use of Cocaine," published August 2, 1908, summed up the progressive thoughts on both cocaine and race at that time in Dixie, noting that coke was so prevalent because "every Jew peddler in the South carries the stuff."

In the Southwest, there was similar trouble with those crude, loud uneducated Mexicans who were flooding into the country because of the revolution going on south of the border. And they brought their marijuana with them. The plant was known to most Americans as hemp, but calling it marijuana made it sound dirtier and more foreign, like assigning an ethnic slur to a plant. Those normally shiftless, indolent Mexicans were transformed into reckless, bloodthirsty, and uncontrollable thugs under the influence of pot. The *Butte Montana Standard* snarked, "When some beet field peon takes a few traces of this stuff...he thinks he has just been elected president of Mexico, so he starts out to execute all his political enemies."

A War on Marijuana was declared by the Chief of Police of Tampa after a man known to be a regular pot smoker (and was later found to be criminally insane) murdered his entire family. The *Tampa Times* called for an end to the "murderous smoke" of marijuana. "It may or not be wholly true that the pernicious marijuana cigarette is responsible for the murderous mania of a Tampa young man in exterminating all the members of his family within his reach—but whether or not the poisonous mind-wrecking weed is

mainly accountable for the tragedy its sale should not be and never have been permitted here or elsewhere."

Pancho Villa's villainous army not only smoked marijuana before battle but his soldiers marched in step to songs about the drug. The *New York Times* reported that the effects of marijuana were similar to that of morphine and cocaine and it became classified as a "narcotic," now a catch-all pejorative for any drug. Mexicans spoke Spanish and they lived in deplorable shanties, but perhaps their most offensive quality to blonde and blue Protestant America was that they were Catholic, meaning they might as well have been practicing voodoo on housecats. The American Coalition, an anti-foreigner group, stated, "Marihuana, perhaps now the most insidious of our narcotics, is a direct by-product of unrestricted Mexican immigration. Easily grown, it has been asserted that it has recently been planted between rows in a California penitentiary garden. Mexican peddlers have been caught distributing sample marihuana cigarettes [sic] to school children."

The emerging pattern should be pretty clear by now: America was a highly bigoted place. One of the easiest ways to keep the undesirables in check was to reign him in by taking away a piece of his culture that gives him joy, whether it be opium, cocaine, or marijuana.

There was no easy Constitutional way to just outlaw these substances. The Founding Fathers explicitly enumerated the rights of the people so they couldn't be taken away. The first part of the equation was to scare the shit out of the white Protestant majority—enough so that they would be willing to trade in some of their rights in exchange for a little security. This was accomplished through sensational stories in the yellow media.

If they couldn't ban the substances outright, they could give them really bad PR. Morphine use came to be associated with the poor and derelict. Drugs in general are played up as destructive, undesirable, and problematic in the papers.

that the Federal government could use to its advantage. The Federal government could legislate *anything* it wanted because everything could potentially be put in economic terms and justified as "commerce."

The Harrison Narcotics Act of 1914, the first federal anti-drug law and the beginning of the drug war in America, was technically a piece of tax legislation, not an anti-drug measure. But for all intents and purposes, it was essentially a federal coup d'état, as the Federal government wrestled a huge slice of power from the hands of the states.

Under the commerce clause, the Federal government had the power and authority to tax and regulate interstate trade, including all imports and exports. So they taxed the drugs while concurrently making it illegal to import them. So there was, essentially, a tax on something that was illegal to tax.

The framers' intention of dividing the power equally between the state and federal level would be a pipe dream from then on. Anything that wasn't specifically addressed by the Constitution that was supposed to fall under the state's sphere of influence could just as easily fall under the Federal government's commerce clause.

The Harrison Act imposed a tax on opium and coca and regulated possession, production, and importation of the substances. It didn't make them illegal, but it made them harder to obtain, at least legally, as it limited their sale and

function at high enough levels to hold down a job and take care of a family. These were seen as positive steps. It wasn't perfect, but it kept these people from slipping into the cracks. The Harrison Act changed all of that. Now, drug use in America would be a law enforcement issue, no longer a health care one. Being a drug addict wasn't a disease according to the Federal government. Thousands of doctors were arrested.

A CONSCIENTIOUS OBJECTOR

The "War on Drugs," not to be confused with the enormously successful "War on Poverty," "War on Terror," "War on Cancer," or "War on Metaphors" will be remembered as one of the largest policy blunders and man-made disasters in world history; a legislative sore allowed to fester and rot like an infected limb, hanging only by a few pieces of cartilage for decades, until, finally, it was nothing more than a sinewy piece of rotten bone that people couldn't stand looking at, so they yanked on it hard and pulled it off.

It's not now and has never been up to the government to protect free people from making horrible personal choices or interfering with consumer sovereignty. Individual liberty, personal freedom, and private property are not ideas that should

TODAY, THERE ARE MORE PEOPLE EMPLOYED IN SOME FACET OF THE DRUG WAR THAN THERE ARE ACTUAL DRUG ADDICTS.

Anytime someone mentioned drugs, it was beneficial to the Federal government's cause to have them mention crime in the same sentence: drugs and crime and immigrants; crime and drugs and immigrants. The trio soon became synonymous.

They picked apart the Constitution looking for a way in. And they found it in the commerce clause. It wasn't much of an opening, but as they picked at it and manipulated it, a hole started opening up. When it was finally big enough to grease the federal genitals through, Uncle Sam unzipped his star-spangled pants, and turned that old glory hole into a loophole

dispensation to doctors in the course of their treatment of patients. Coca leaves were actually only added to the bill as an afterthought in order to gain support of white Southerners who literally believed that black men under the influence of cocaine were impervious to .32 caliber bullets.

Absent from the list of legal "courses of treatment" that doctors could now dispense opium and coca for was the treatment of drug addicts. Before the Harrison Act, drugs were given to addicts as part of drug maintenance therapy. That was standard practice in the medical field as it helped the addict

be up for debate. Each person should be free to follow their own moral code or lack of moral code until it begins to interfere with the next person's right to follow their own moral code.

Only you have the right to determine what you *will* or *won't* put in your body, whether that means tossing black coffee down your throat or watching Richard Gere show you his gerbil tricks—the final decision belongs with the individual, not the Federal government.

We, the people, have to demand what is rightfully ours, and if it's not given back, we have to re-take it.

Even if that means going to war.

RACHEL ROXXX

THE HIGH SOCIETY INTERVIEW

by Rob Perez

RACHEL ROXXX HAS BEEN AROUND A COUPLE OF YEARS AND WHILE SHE MAY NOT HAVE THE NAME RECOGNITION OF SOME OF HER FELLOW PORN PEERS, MAKE NO MISTAKE, SHE IS AN UNSUNG SUPERSTAR. RACHEL IS DEFINITELY ONE OF THE DIRTIEST, NASTIEST GIRLS IN THE BUSINESS AND SHE LOVES SUCKING DOWN HARD ON COCKS OR LAPPING UP ENGORGED CLITS. IN FACT, RACHEL IS BEST KNOWN FOR HER AWESOME ORAL SKILLS AND ANY PERFORMER LUCKY ENOUGH TO HAVE HAD RACHEL GO DOWN ON THEM WILL TELL YOU THAT SHE EASILY CRACKS THEIR TOP TWO OF ALL-TIME BEST ORAL EXPERIENCES. HER SUCKING SKILLS HAVE CLEARLY REACHED LEGENDARY STATUS. HER TONED BODY AND NICELY SCULPTED ASS HAVE ALSO MADE BONERS POP PREMATURELY, ESPECIALLY WHEN THAT ASS IS WRAPPED AROUND A THICK, ERECT COCK. IT'S NO WONDER RACHEL HAS ACHIEVED ANAL QUEEN STATUS. ASSES LIKE HERS DON'T COME AROUND EVERYDAY AND ARE FEW AND FAR BETWEEN. YOU CAN ALWAYS COUNT ON RACHEL TO DELIVER A GREAT SCENE. HER ENTHUSIASM FOR SEX IS UNMATCHED, HER HARDCORE PERFORMANCES ARE BALL-BUSTING, AND SHE STILL HAS LOTS OF GREAT YEARS AHEAD OF HER!

HIGH SOCIETY: How did you first get into the adult industry?

RACHEL ROXXX: I was a Hooters Girl before joining the biz. A friend of mine from Houston got me into the adult industry. I thought about it for couple of years beforehand and decided that it was now or never. I never even watched porn, maybe one, before I started doing it. So, on one day's notice I packed up what I could, took a flight to LA, and still live here. I love it!

HS: Tell me about your first scene.

RR: Shane's World College Amateur Tour in Texas. I don't wanna talk

about it; let's just say I've come a long, long, long way.

HS: What is your wildest fantasy?

RR: I'm living it. I'm an exhibitionist, a shy one. I wish I could make myself squirt.

HS: Do you feel porn is empowering or degrading to women?

RR: I think it depends on the woman, how she handles her responsibility. It's very important to make sure you stand up for yourself and you stand up for what you like, and what you don't like. [You have to make sure] you're not pushed over; you don't let people around you control your career. There are plenty examples of girls who do not take care of themselves and they do de-grade themselves in this business. But I think there's just as much opportunity and just as many women who take that opportunity to do what they want to do and have a good time with porn.

HS: What do you feel is the best thing about being a porn star?

RR: I would say the best is the free-

I'm an exhibitionist, a shy one. I wish I could make myself squirt.

dom. I choose my own work hours, I choose who I work with, who I work for; I make a good deal of money so it gives me opportunities for the future. And I have a good time.

HS: Would you say you're a very dominant or submissive person?

RR: I think I'm a happy medium of both. There are times when I'm extremely dominant. When it comes to business I'm very dominant. When it comes to pleasure, I'm probably more submissive.

HS: Do you orgasm in every scene you perform in?

RR: Yep! Maybe once or twice I had to fake it, but I try to make it a point to

ALL IMAGES COURTESY OF ADAM & EVE, DIGITAL PLAYGROUND, ELEGANT ANGEL, EVIL ANGEL, AND VIVID

really cum. It's not only important for me as a performer, but for the viewers as well.

HS: *What are your feelings about oral sex; both giving and receiving?*

RR: I love both, but of course *receiving* is always the best! When I'm giving someone else oral pleasure it makes me so hot to look up at his or her eyes rolling back in ecstasy, and it makes me happy that I'm the one doing it.

HS: *Any special techniques you use when sucking cock and licking pussy?*

When it comes to business I'm very dominant. When it comes to pleasure, I'm probably more submissive.

RR: When I'm licking pussy I bite down on the center of my tongue so that it's easier for me to move my tongue up and down really fast on her clit. With a guy, I focus on the top two inches of the cock with little swirls around the tip, which seems to work!

HS: *What size cock do you prefer?*

RR: Six to eight inches is normal for me. It's not the size of the boat, it's the way you row it!

HS: *Do you enjoy anal sex in your personal life?*

RR: I do! I really love it!

HS: *Do you masturbate often?*

RR: I do all the time, actually. I think it's really healthy to have a good strong sexual life. I think that the more comfortable you are with yourself, the more you're going to be comfortable with someone else.

HS: *What do you fantasize about when you masturbate?*

RR: All sorts of things, whether I'm thinking about something that's happened to me recently or something I like to do; sometimes I don't think about anything at all. I just focus on what it feels like and that will get me off.

HS: *Are there any male or female performers you want to work with that you haven't had the chance to, yet?*

RR: I never worked with Belladonna, but I'm sure I would have a great time having sex with her. As for a male performer, I've heard phenomenal things about Rocco Siffredi.

HS: *Are you a true bisexual?*

RR: Yes I am. I will have sex with girls all the time.

HS: *What is your favorite sex act?*

RR: Depends on the person. I like to tease and I like to give oral. I would say I'm a teaser and a pleaser. I like feeling like I'm in control.

HS: *What's the most uncomfortable sex act for you to perform?*

RR: Sometimes any sexual act is uncomfortable. I would have to say a piledriver position is probably the most uncomfortable. I don't like that. And doggy, if I'm too far bent over, it's just like pushing air into me and that's not comfortable,

but I do like doggy.

HS: *Is there a sex toy you can't live without?*

RR: I need a plug-in vibrator. The stronger, the better. I actually just got a new vibrator that's not plug-in, which is amazing, and it's great because you can put it anywhere. It's not stretching anything and it

I never worked with Belladonna, but I'm sure I would have a great time having sex with her.

doesn't rub you where you shouldn't be rubbed, so there's no sore. It's perfect!

HS: Do you wear panties?

RR: No. I try my hardest not to wear panties.

HS: Do you ever lift up your dress just to show off what's between your legs?

RR: Yeah, all the time! I'm a complete tease.

HS: If you could have one superpower, what would it be?

RR: [That] I would be able to fly, just so I could be where I needed to be.

HS: How would you like to see your career progress in the future?

RR: For now, I'd love to keep banging out scenes, but I definitely want to be affiliated in porn forever. Maybe get into directing or something else along those lines.

HS: What sort of things are you interested in outside of work?

RR: I like to travel, I love the beach, shopping, tanning; I like driving around for

some reason. Astrology for sure, bowling, house music.

HS: Anything you'd like to say in closing?

RR: I want to say to the readers, thank you for being supportive and thank you for being great fans. And I hope you enjoy my work!

HIGH SOCIETY PRESENTS ON THE SET OF...

MEET BONNIE ROTTEN..

STARRING: BONNIE ROTTEN, ASPHYXIA NOIR
AND SKIN DIAMOND WITH MICK BLUE,
RAMON NOMAR AND BRUCE VENTURE

DIRECTOR: EDDIE POWELL

STUDIO: DIGITAL SIN

RARELY ARE WE SO PLEASANTLY INTRODUCED TO A NEW PORN STARLET AS WITH BONNIE ROTTEN IN *MEET BONNIE*. THIS IS NOT HER FIRST MOVIE, BUT YOU COULD COUNT HER SCENES ON ONE HAND WHEN SHE STARRED IN THIS AND, FOR THE VAST MAJORITY, THIS WILL BE THE FIRST THEY EVER SEE OF HER. DON'T THINK IT WILL BE THE LAST.

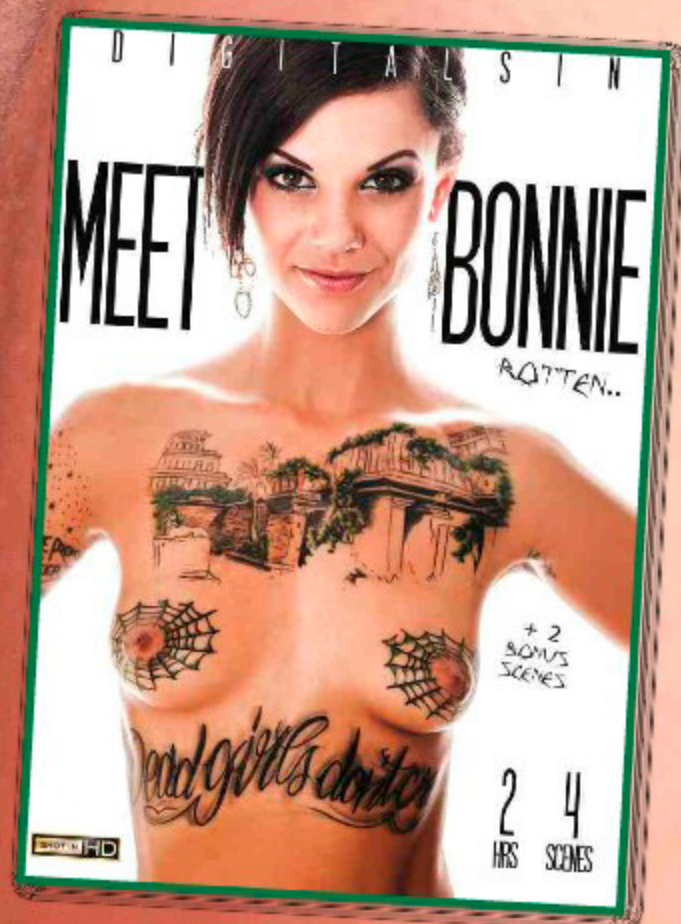

IS IT POSSIBLE TO BE CALLED A SUPERSTAR AFTER JUST ONE MOVIE? IT IS WHEN YOU STAR IN ALL FOUR SCENES, RANGING FROM LESBIAN TO GETTING DP'D. BONNIE IS A NATURAL, WITH A HUGE PERSONALITY, AN OPEN MIND, AND A SEXUAL ENTHUSIASM THAT MAKES THIS 19-YEAR-OLD TATTOOED BEAUTY GLOW. IN *MEET BONNIE* SHE SAYS HELLO WITH AN ENERGETIC ROMP WITH BRUCE VENTURE THAT SHOWS OFF HER SWEET BODY AND ITS MANY TATTOOS, HER DIRTY LITTLE MOUTH THAT IS FUN TO WATCH AND LISTEN TO, AND THAT TEENAGE ENERGY THAT IS AN INSPIRATION. SHE FOLLOWS THAT UP WITH A STEAMY ANAL SCENE WITH MICK BLUE THAT SHOWS OFF HER AMAZING ASS THAT IS SO SMALL IT'S SHOCKING THAT IT CAN TAKE A BIG COCK. AFTER THAT SHE HOOKS UP WITH ON- AND OFF-SCREEN LOVERS SKIN DIAMOND AND ASPHYXIA NOIR, PROVING THAT SHE CAN ROMP WITH THE PLAYFUL PAIR AND HOLD HER OWN. THEN SHE GOES THROUGH THE RINGER IN A DP THAT CLEARLY TESTS HER LIMITS.

IN THE INTRO, BONNIE SAYS SHE GETS TURNED ON "BY A LOT OF KINKY THINGS," THEN GOES ON TO GIVE US A LIST THAT DOESN'T PRETEND TO BE COMPLETE. IN THE TWO HOURS OR SO OF *MEET BONNIE*, WE GET AN IDEA OF WHAT'S TO COME AND THAT'S A LOT MORE BONNIE ROTTEN. HEY HEY, MY MY.

of swallowing big things.

HIGH SOCIETY 111

**BRUCE VENTURE
ROTTEN THOUGHT:
"HE HAS A REALLY BIG COCK."**

"Hi, my name's Bonnie Rotten and I just turned 19," is how things open up. It gives the same chill of excitement as holding the cover of the *Never Mind The Bollocks, Here's the Sex Pistols* in your hands and listening to that record for the first time. This time you'll have your own sex pistol in your hand and Bonnie will give you plenty of reasons to spin it. Just take a look at that slender, super-tight body and that spunky look on her face.

She says she was a little nervous, but it doesn't show. She looks right at home rubbing her shaved, inked pussy as Bruce fingers her asshole and twat, folding her in half with the lithe and bendable beauty smiling, moaning, and talking dirty until she gets his cock in her mouth and sucks, gobbles, and jerks his prick before getting on top and almost immediately she is cumming and squealing, that great little ass so firm it barely jiggles. He keeps his cock in her puss as he flips her over and gets a bit playful with her, which is

clearly a turn-on and maybe even a challenge for the lovely.

She could probably get the upper hand if she wasn't so busy shaking and cumming. Unable to bang her into complete submission, he doesn't give up easily, but finally lets her know it's his turn to pop and she tells him to "cum on my fucking face" and the camera gives us a close-up of her pretty face and behind the big globs of cum you can see her cute little freckles and beautiful eyes. Look into them and you can see the future of the porn industry.

**MICK BLUE
ROTTEN THOUGHT:**

**"I THINK I HAVE LIKE AN AMAZING
SUPER-ASS. IT'S SO TINY, BUT I CAN FIT
SUCH BIG THINGS IN IT."**

In the prelude to the Mick Blue scene she gives us a tour of her tattoos and then she talks about anal, how she hated it at first, but she has since come to love it. "Love" is not too strong a word for the look on her face as Mick slides a succession of toys into her butt while banging

her snatch, then he pulls out all the stoppers and sticks his cock in. She's ready and as he closes his eyes and goes hard (too scared to look at the hot teen for fear that he'll blow?) and she demands he fuck it hard, her lips making a snarl as he goes into that special place.

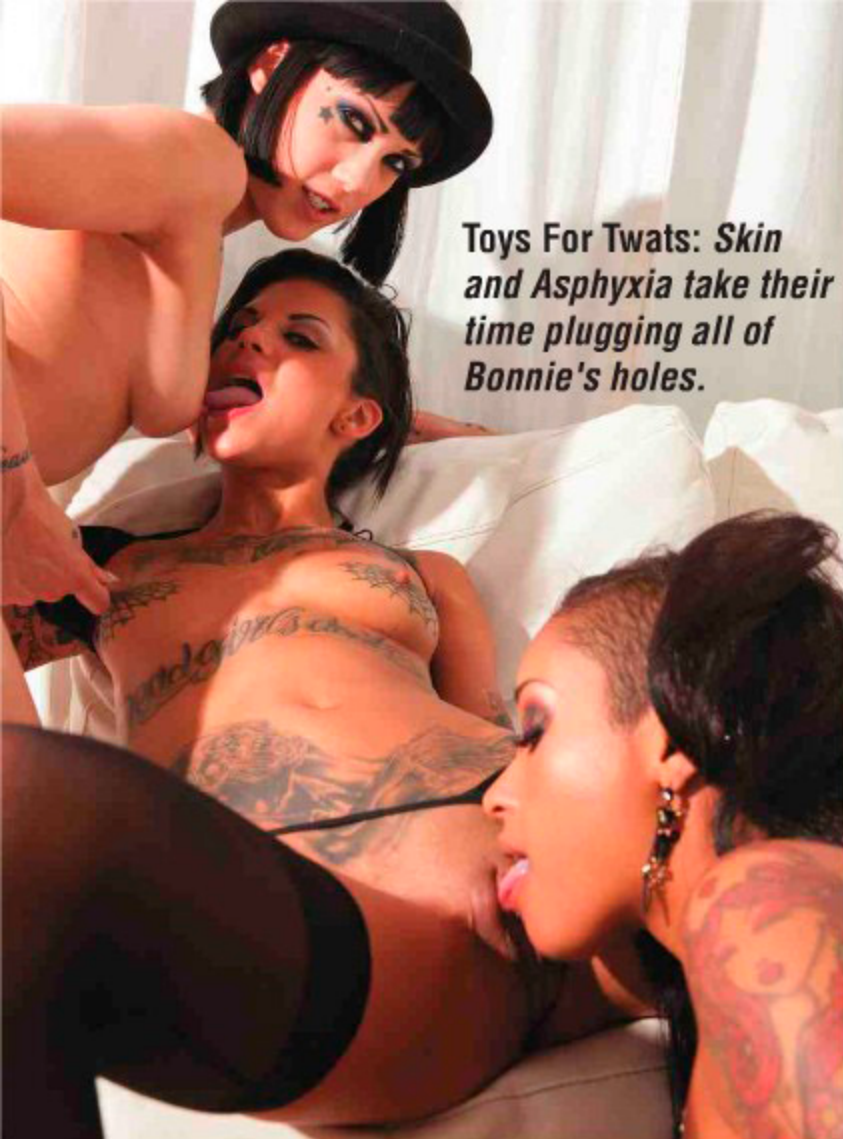

Mick is fast and slow and the theory that he is constantly on the verge of cumming seems to be consistent with how he fucks her. Not that the trash-talking ink doll doesn't get her backdoor rocked—

Mick opens it wide, leaving Bonnie to moan at the end of the couch as he thrusts her until she's a gaping teenage mess, then turns the tiny thing around, balancing her on top while he surprises her with the classic sit-and-slam, banging the breath right out of her.

When finally he gets to cum, he pulls out of her ass and lays down a line of cum then pops it back in for a couple strokes to remember her by. Bonnie then cleans him off and thanks him for the ride.

*Snake & Gape: Mick loves to
turn Bonnie's brown eye Blue.*

Toys For Twats: Skin and Asphyxia take their time plugging all of Bonnie's holes.

ASPHYXIA NOIR & SKIN DIAMOND
ROTTEN THOUGHT:
"STRAP-ON WILDNESS...IT
WAS AMAZING."

The way the girls get right on Bonnie you think they'd been locked up while being taunted by the nude and sexy star and they're finally being unleashed. They devour Bonnie, though what appears like it will be a two-against-one tag-team

slam against Bonnie turns out to be a sexy 2-for-1 that Miss B takes so naturally and casually that you'd think she were the veteran and Asphyxia and Skin were the newbies in training.

As it turns out, Bonnie is the leader and she teams up first with Skin, Bonnie fucking Asphyxia doggie-style with a huge strap-on while Skin engages her girlfriend with some light ass play. Then she stuffs

it inside Skin while the third girl works a vibrator on Skin's clit and then shoves her pussy in her face. Bonnie and Asphyxia show the girls got rhythm with a double-headed dildo as Skin accents the visuals.

Bonnie eventually wants to get fucked and the girls take turns acting like their in charge, though Bonnie is clearly the dominant one of the group. She orgasms a few times, then finally calls it *cumplete*.

MICK BLUE & RAMON NOMAR
ROTTEN THOUGHT:
"THE DP WAS AWESOME. I CAME
IN WAYS I DIDN'T EVEN THINK
WERE POSSIBLE."

Bonnie starts the scene naked and the guys are just wearing jeans, but the Levi's are shed quickly and Bonnie can't get those dicks in her mouth fast enough. The guys aren't wasting any time, either, and Mick is banging her ass

as soon as she can lube him up and Bonnie is clearly aware that she will not be in charge with these two cock-wielders. Ramon takes over for a minute then Mick slides back into her ass for a DP, all of this unfolding before anyone can begin to break a sweat.

Bonnie is getting the breath fucked out of her and for the first time in the movie the look on her face loses its smirk and there is a sort of roller-coaster look

of trepidation on her face—she loves getting pounded into oblivion, and part of that is the "oh shit!" feeling as your stomach is up in your throat.

She bounces between the guys like a pinball and then they take turns blasting her face, and the look she has afterwards is one of being fucked silly with a touch of pride for having made it through such a demanding scene. This is one helluva introduction.

50 SHADES OF PINK

You can tell a lot about a woman's secret desires by the color of her lipstick. Hot-blooded Spanish chica, **Silvia Rubi**, has over 50 shades of pink maw-paint alone! Today she's in a sassy, sexy mood and can't decide between "Electric Poon," and "Shut Up and Fuck Me," so she splits the difference, puckers up, and applies a glossy hue called "Red." Romantic historians give Egyptian queen Cleopatra credit for inventing lipstick when she began painting her mouth with a mixture of oil, gemstones, and wax to make them closer resemble a wet vagina. Lipstick is messy and causes stains, but at least *it* does eventually wash out.
